Chapter 1982

Ying Ming was thrown down, and Suzi was immediately able to breathe fresh air.

She didn't have time to see who knocked Ying Ming down, she just took a big mouthful of the fresh air, and while breathing the fresh air, Suzi had already run towards Arron with a big belly.

Just a few steps away.

In front of her was her husband. Suzi was crying, shedding tears, and ran towards her husband like a little girl. She had never felt this warm and stalwart in her husband's chest.

She felt how safe it was to live by her husband's side.

“Shaoqin, woohoo...”

“Suzi!” When Suzi ran towards Arron, Arron had already strode towards Suzi at a faster speed, then spread his arms and held Suzi tightly in his arms.

“Shaoqin, am I... still alive?” Suzi raised his head and looked at Arron with tears in his eyes.

It was a nightmare.

A nightmare she thought she would never wake up from.

Although Ying Ming didn't do anything to her, although she was calm, indifferent and not afraid every day, but God knows how scared she was, she was afraid that she would never see her man again in her life.

She was afraid that she would be separated from men and children forever in her life.

She is always afraid.

But now, she is reunited with her man again.

This is not a dream.

"You are still alive, you are still alive Suzi, you are still alive." Arron hugged Suzi tightly in his arms.

"Where's our child, our only one..." Suzi asked impatiently.

"She is very good, our only one, like me, and like you, she inherited the advantages of both of us, our child, very brave, she is safe now, we go back, you will see her soon, Let's go, we'll go back now, you need to see a doctor." Yu Bi, Arron bent over to hug Suzi.

However, Suzi's belly was too big to hold, so Arron wanted to adjust his posture, so he turned Suzi's back towards Ying Ming.

A dark muzzle was behind Suzi.

Suzi didn't know.

Arron just lowered his head and didn't see it.

"No..." a sharp voice suddenly shouted.

Then, a muffled sound like a cannonball sounded, followed by a sound of "Ah..." from behind Suzi.

Suzi was startled and turned back suddenly.

At the same time, Arron also looked up behind Suzi.

A man fell to the ground.

A black-red blood flower opened on his chest.

The blood flower slowly opened three times, and began to turn bright red, very dazzling, very dazzling.

Suzi was stunned for a while.

She didn't see how Ying Ming, who was holding a pistol, was pressed to the ground by Arron's people, nor did she see how Yingzi called out to her brother piercingly.

At this moment, Suzi's eyes were only focused on the man who fell to the ground, in a pool of blood.

The man still had a chain on one hand.

The other hand was stained with blood from the neck to the thumb. Suzi took a closer look at the blood-stained hand and found that there was no skin on this hand, but fresh flesh.

Also, the thumb seems to be broken.

It was as if the hand was abruptly freed from the handcuffs, so the fresh skin on the entire hand was gone, and the thumb was also broken.

From the pool of blood, the man approached Suzi in fear.

He was struggling to climb.

However, I didn't crawl, I only moved a few centimeters.

Suzi: "..."

"Suzi..." Pan Haoyang smiled, he only shouted out two words, and blood flowed out of his mouth.

"Suzi, you're alive...you're good to be alive, Suzi, I love you, I finally used my body to save one of you and me...mine My little nephew died...I...I really want to see if he is a boy or a...girl...girl? I seem to

be.... ..let her call me one...one...four...four...” Pan Haoyang couldn’t catch up and couldn’t say the last word.

Chapter 1983

Suzi suddenly cried out: “Pan! Hao! Yang! Woohoo...”

She ran over and knelt on the ground, trying to help Pan Haoyang up, but her hands were covered in blood.

“Pan Haoyang, aren’t you in the warehouse, you...how did you come out?” Suzi’s tears fell on Pan Haoyang’s face, big ones, extremely hot.

Pan Haoyang smiled.

Laughing very happily.

He was actually locked in the cabin just now, and his hands were chained.

He heard that Arron was coming, and he also heard the confrontation between Arron and Ying Ming. Pan Haoyang was dealing with Ying Ming these days, and he knew that Ying Ming was someone who went back on his word.

No matter how upright, how kind, how sad and how protective of his sister Ying Ming used to be, but now Ying Ming is different.

Now Ying Ming is very desperate.

Very unremarkable.

In Ying Ming’s body, Pan Haoyang saw nothing but burning, killing and looting.

It was Pan Haoyang’s accident that Ying Ming could fall in love with Suzi at first sight.

Pan Haoyang didn’t think that Ying Ming could spare Suzi when his own life was at risk.

impossible!

Although it was only half a year apart, in fact, Arron was not familiar with this younger brother.

At this moment, when he saw his younger brother lying in Suzi's arms, Arron suddenly found that his younger brother looked a lot like himself.

Especially like.

"Haoyang..." Arron squatted down and shouted extremely sadly.

Pan Haoyang: "..."

He opened his mouth to say something, but didn't.

Arron said, "You are my younger brother, and in this world, apart from Suzi and the only one, you are my third relative, you are my own younger brother, mother... Mother's heart has always been have you.

The reason why my mother let me go to Jiaying Island before she died was not for anything else.

But let me find you..."

Hearing Arron say this, Pan Haoyang burst into tears.

There was blood flowing from the corner of her eyes.

His pupils were slowly dilating, he raised his chained hands and held Arron's.

His voice became more and more weak and lifeless, and he struggled to make a weak voice from his mouth: "I...I just want a home...a home."

Chapter 1984

Arron: "..."

he saw the ground

There was a man who looked like himself with blood and tears in the corners of his eyes.

The man kept repeating: "I want a home, I just want

A home, a home..."

Arron's throat choked badly.

But he was a man after all, and he didn't say anything, just held his twin brother tightly.

Why doesn't he want relatives?

From childhood to adulthood, only his mother had kissed him. He needed his father's generous chest throughout his youth and childhood, but although his father loved him and gave him money, he was still so alienated.

He didn't tell anyone, in fact since childhood

, He also wanted to enter the courtyard of the Fu family's old house, watch his brothers, cousins, and sisters, and play with them.

However, from childhood to adolescence, Arron had no chance to enter the Fu family's old house for half a step.

A large part of the reason why Arron is so cold and ruthless is that he doesn't want others to know, and he also longs for family affection.

Incomparable desire.

The same desire as Pan Haoyang on the ground.

Both brothers are tragic.

They all need a family, a home that is not big, as long as it is stable enough.

Pan Haoyang's pupils became more and more sloppy, and his tone became lighter and lighter: "I... don't want to compete with you for family property... I don't want to target you... I don't want to retaliate against you... ..I, I...just want a home.

A home... exactly like yours...

I want to... feel...you...being...loved...by mom.

I want to...experience...you are immersed in...happy family...with daughter...wife.... ..a feeling of.....

I'm not trying to... quarrel with you...

I just want to...and you...for a change.

Even if... just another day..."

Pan Haoyang's voice was like a gossamer, intermittently.

.

Arron listened very heavily.

Big tears fell on Pan Haoyang's face.

Pan Haoyang smiled, it was so laborious, he couldn't open his eyes, he closed it several times, but opened it again, he tried his best to say to Arron, "I haven't seen her...

put me...bury me...bury me in her..."

Pan Haoyang didn't take his last breath, and just died in Arron's arms.

Arron's tears soaked his predecessor.

He held the head and face that looked five or six similar to him, and held it tightly in his arms, murmuring to himself in his mouth: "My relative... One of my relatives . . . died."

"My dear..."

Suddenly, Arron raised his head and shouted, "My brother... is dead!"

His brother died.

The only real brother.

My mother's biggest wish before she died. My mother wanted him to find his brother back. After he searched for so long, his brother finally came to him, but died.

Arron's cloudy eyes looked at Ying Ming who was being pressed in the distance.

Ying Ming looked at Arron with scarlet eyes, a smug smile on his lips.

Yingzi on the side looked at Pan Haoyang, who was lying on the ground and had no signs of life. Her tears streamed down.

Pan Haoyang is the best and warmest in Yingzi's 30-year-old life.

Chapter 1985

He comforted her, encouraged her, let her live a normal life, and he was even willing to sponsor her to study abroad, and then find a good man to marry.

She doesn't want to marry a good man.

She looks like she is married to Pan Haoyang.

But, he is dead.

He was killed by his brother.

Yingzi's tearful eyes instantly turned to her brother: "Brother, didn't you say...Aren't you stupid Pan Haoyang? Brother..."

Ying Ming sneered: "Yingzi! We have reached this point, kill one and we will earn one! I didn't want to kill Pan Haoyang just now, Pan Haoyang is one life, what's the point of killing it, what I was thinking was Suzi!

Suzi was pregnant with a child, one corpse and two lives!

That way we can earn one! "

Yingzi burst into tears: "Brother, are you crazy? Suzi saved me!"

Ying Ming smiled bitterly: "Brother is not crazy, today is the death of our brothers and sisters, we can earn one is one..."

Yingzi: "..."

Seeing Arron walking towards him step by step, Ying Ming, who was pressed to the ground, suddenly made a desperate resistance. Maybe he felt that he could not escape death, so he simply fought to the death.

His strength was astonishing, and he actually got rid of four or five people who were pressing him. He got up from the ground and rushed towards Arron like a madman.

"Be careful, Shaoqin! He has a gun in his hand!" Suzi called out to Arron quickly, Arron immediately avoided him, but when Yingming was about to rush to Arron, he suddenly turned around and rushed towards Suzi. .

This man is used to fighting and killing all his life, he is too cunning!

Cunning and vicious.

The moment Ying Ming pounced on Suzi, Suzi was stunned.

She stood there, holding her stomach and motionless.

Just when Ying Ming was about to pounce in front of Suzi, several shots rang out from behind him.

Ying Ming fell to the ground.

“Brother!” Yingzi screamed and rushed towards Ying Ming: “Brother! Brother, don’t die, brother... Why are you resisting, Suzi is so good to me, you Why do you have to kill Suzi, brother...”

She cried desperately.

In this world, she has only one relative, her brother.

Only her brother hurts her.

My brother is dead, what will she do in the future?

“Brother, why are you doing this...Brother...If you are soft, maybe Arron won’t kill you, and Suzi will intercede for us, brother...” Yingzi hugged The older brother, who was covered in learning, cried and shook.

Ying Ming smiled: “Brother...Brother didn’t want to live for a long time.”

Yingzi: “...”

“Brother is dead

, they won’t do anything to you, you don’t have the serious crime of brother, brother wants to give you a chance, you follow Suzi, go ashore, brother also saved a sum of money for you abroad, you can go to school for a few more years , I’m not very old, I’m looking for someone to marry...”

Yingzi was lying on Ying Ming’s body, howling sadly: “Brother, I don’t want...I don’t want you to treat me like this, brother...”

“Listen to your brother’s words and live a good life.” Ying Ming’s tone became more and more angry.

He didn’t have much nostalgic look, he just looked at Yingzi with a very loving look: “Brother has long wanted to live, long enough to live,

but I don't want to die, I haven't sent you back to China, I haven't given you peace. My family, I didn't sign my mother's grave from the deep valley, my brother is not reconciled."

"Brother..." Yingzi desperately shed tears and shook her head desperately.

It wasn't until this moment that Yingzi understood that everything her brother did was for her.

It's all so that she can have a stable life and a home for the rest of her life.

"Brother is gone, you have to live a good life yourself. You can't fight and shed tears. When you're alone, you need to keep your eyes open. Do you hear that?" Ying Ming wanted to raise his hand and wipe for his sister. Wipe away tears.

But there was no strength in his hands.

His hand was only raised halfway, and it fell half abruptly.

"Brother..." Yingzi suddenly shouted loudly, and then she was in a hurry and fainted.

Chapter 1986

“Yingzi!” Suzi shouted and was about to rush up when he was hugged by Arron.

Arron held Suzi tightly in his arms: “The people below will handle it.”

He misses his wife so much.

His wife had a big belly and saw two people die in a few minutes, which sounded cruel to Suzi.

Especially Pan Haoyang.

Don’t say that Suzi is sad, why is Arron not heartbroken?

But no matter how sad, the current situation is to take good care of his wife first.

He raised his hand and pushed a wheelchair in the distance. Arron carefully carried Suzi to the wheelchair, and then took a blanket to cover her.

Suzi looked at Pan Haoyang with tears in his eyes: “Haoyang... he’s so pitiful.”

“I know.” Arron’s voice was also very sad.

“I will bury him next to his mother. He didn’t see his mother before his death. It’s a pity for him, but what about his mother? He will be able to accompany his mother in the future. Come to think of it, he is happier than me. of.”

Arron turned around and looked at his subordinates: “Dispose of Ying Ming’s body immediately!”

Christopher next to him asked hesitantly, “Fourth Master, what should I do with that woman...”

Christopher was talking about heroism.

Arron looked down at Suzi.

He could hear from Yingzi's words just now that Suzi and Yingzi were getting along pretty well these days, otherwise Yingzi wouldn't have been so good to me.

Arron asked, "You and Yingzi..."

Suzi sighed: "She is a hard-working child. Not long after she was born, her father cheated in marriage, and then his father and her mother divorced after seeing her.

, she has a half-sister, the family of three lives well, but when his father's fashion company encountered a crisis, his poor father asked her to accompany a 70-year-old old man. "

Arron: "Is there such a thing?"

"That's why Ying Ming, who was less than twenty years old, murdered." Suzi's tone was extremely desolate.

She gave Ying Ming a sympathetic look: "To be honest, if Ying Ming was half an hour late, the ten-year-old Yingzi would have to be ruined by a seventy-year-old old man, that would be Ying Ming's first murder.

That night, Ying Ming killed three people in a row.

There is that old man, and Yingzi's father, Yingzi's stepmother.

Ying Ming also embarked on a road of no return.

Over the years, Yingzi has suffered a lot with Ying Ming. Over the mountains, wandering abroad, she has only not graduated from elementary school. She is rude and ruthless on the surface, but her heart is very soft.

By the way, she also shares my surname, Shen Xue.

Shaoqin, let the heroic figure be a thing, anyway, her brother who murdered without blinking an eye is already dead, and the heroic figure will not die. "

Suzi looked at his husband with incomparable anxiety.

She knew that the two brothers Yingzi and Yingming had a deep hatred for Shaoqin, so Suzi didn't know if Arron would let Yingzi go.

Don't go any further, there will be trouble.

But I heard Arron chuckle: "Okay, listen to you, let her go, and buy her a house in Kyoto, so that she can live a good life."

Suzi: "Thank you husband."

Instead, she looked at Yingzi: "Yingzi, did you hear me, take your brother's ashes and go back to Kyoto to live a good life?"

Yingzi cried and nodded.

Life was bleak for her.

But in desolateness, she also had to bring her father's and brother's ashes back to Kyoto, as well as her mother's.

Her brother has only one wish in her life, and that is to return to Kyoto again, so she is very grateful to Suzi.

She cried and said, "Thank you Suzi."

"When I'm done, I'll see you, be strong, there is still a long way to go."
Suzi said.

Yingzi nodded: "Yes."

Suzi was pushed out of the cabin by Arron.

All things on deck are handled by subordinates.

Chapter 1987

Pan Haoyang's body and Ying Ming's body were both carried down in one pass.

As for Ying Ming's subordinates, those whose circumstances were not serious, all Qiansan, those who had serious circumstances, and had countless murders on their bodies, were directly handed over to the police.

This night was destined to be a sleepless night.

Shen Weiyi, Rayna, Galia, Darius, Alyce, Dalia, who had just been discharged from the hospital, Kraig, who was holding the child, and Sanford and his wife, were all waiting at Arron's house.

Even Joan, who was supposed to be filial to his grandfather at the Fu family's old house, brought Pan Mingsai with him.

Because Pan Mingsai really wanted to know what happened to her fourth uncle.

Arron's living room is very big, but with so many people sitting, it is already a little crowded.

One by one they were on pins and needles.

"Can my mother come back today?" Shen Weiyi kept asking.

She ran to her grandmother for a while and asked her in an expectant tone.

After a while, he came to Rayna and Galia again, looking at the two aunts anxiously.

"Can my mother come back today?" the little girl asked in about three or four minutes.

She hadn't seen her mother for five days.

This is the longest time separated from his mother since he and she were born.

Seeing that Aunt Rayna, Aunt Galia, and grandma didn't answer her, the little girl would cry.

Alyce immediately put the child in his arms.

her grandson.

Alyce's heart is no better than Shen Weiyi. She has been worried to the point of despair these past few days. Alyce even thought for a

while that if Suzi couldn't come back alive, she would definitely not be alive.

She cannot lose her daughter.

It is not acceptable for a white-haired person to send a black-haired person.

However, every time she saw Shen Weiyi, Alyce thought painfully, if she died, how pitiful this little granddaughter would be?

no!

She had to raise her little grandson.

Alyce hugged Shen Weiyi tightly.

She was like telling Shen Weiyi: "There is a grandmother, there is a grandmother."

But she said nothing.

She knew that if she said that, Shen Weiyi would cry to the point of madness.

Alyce hugged Shen Weiyi very tightly, comforting Shen Weiyi and said, "Only, listen to your grandma, your mother is the strongest mother in the world. When your mother was pregnant with you, she wandered around. , She escaped for six years without dying.

So your mother's vitality is very strong.

She will never leave the only one who doesn't care.

Your mother will surely come back alive. "

"Yes, the only one, I believe your grandma, your mother will definitely be able to come back, and your mother is reluctant to leave you."
Galia also comforted Shen Weiyi with a smile.

Rayna even more scolded: "Little thing! Aunt Rayna will not allow you to talk about your mother like this! You have to say that your mother

will definitely come back! Your mother will definitely come back!
Understand!”

As soon as Rayna’s words fell, Dalia also came to Shen Weiyi and looked at Shen Weiyi gently: “Only, you have to be strong, understand?”

Shen Wei understood everything.

She could see it, and all the people present were comforting her.

Because she was the youngest, they really took care of her feelings.

But Shen Weiyi was as clear as adults.

She suddenly burst into tears: “woohoo, I know that the danger my mother encountered this time is more dangerous than ever before. Although she fled before, my father didn’t hunt her down, but now, my mother The right one is the murderer, woohoo...”

She cried desperately.

Every day that passed, Shen Weiyi was more desperate than the day before.

The child’s cry was extremely sharp and poignant. It was extremely uncomfortable to hear this voice in Suzi’s ears outside the door.

She pushed open the door and pretended to be annoyed: “Who said I can’t come back?”

Chapter 1988

Hearing Suzi's voice, everyone in the room was stunned.

Shen Wei's reaction was the fastest, her little face was crying like a little bitter gourd a second ago.

After a second, it turned into a smiling little sun.

The little sun rushed towards his mother happily.

"Mom! Mom! Mom! Mom!" She kept shouting and rushed towards her mother, knocking Suzi to the ground at once.

Everyone was unexpected.

Arron was stunned.

He never thought that his wife had arrived home safely,

Go and fell down by the baby girl.

During the five days that his wife was being held hostage, Arron was worried to the point of despair, but his wife was unscathed.

But when he returned to the safest place, he fell to the ground.

Arron: "..."

Shen Weiyi: "..."

After a long while, it was Alyce who called out first: "Xiangxiang, my son...Are you alright!"

Shen Xiangyang was lying on the ground, her belly was bulging, she couldn't get up.

And she felt something coming out of her leg.

She's in a bit of pain, but that's okay.

What are you going to do with this single fall?

She raised her hand to grab Arron's arm.

At this time, Shen Weiyi also reacted. She screamed and cried suddenly: "Mom... Mom... woo woo. Sorry mom..."

Suzi smiled: "Don't cry baby, hurry up and pull mom up, mom thinks, mom may be giving birth..."

to give birth?

Arron suddenly reacted.

He squatted down suddenly and hugged Suzi. One of his hands was under Suzi's leg, and he could feel the gurgling liquid coming out.

Frightened from Suzi's leg, he pulled out his hand and glanced at it, but it was not bloody.

Still a pale yellow liquid.

"It's amniotic fluid, Shaoqin, Suzi is about to give birth, send him to the hospital!" In this room, both Alyce and Dalia have experience.

Alyce hurriedly urged.

Fu Shao picked up Suzi and went out.

"Mom, mom!" Shen Weiyi followed closely behind his father with his short legs.

The family of three got off the elevator and got out, just in time for Christopher to leave.

Seeing that Arron came down with his wife, Christopher immediately knew that his wife was about to give birth.

This is such a coincidence.

It's not bad!

It was so good!

Madam did not give birth to the child on the island, but rushed back and asked the fourth master to accompany her to give birth to the child. It was a perfect thing.

Christopher immediately turned the front of the car, and then flattened the rear seat.

Arron carefully put Suzi in the car again, he and Shen Weiyi quickly sat in the car, and the car went out like an arrow.

Christopher's driving skills are remarkable.

The road is fast, but very stable.

Behind their car were Alyce, Darius, and Galia. In another car, the author Kraig, Dalia and her children, and Rayna.

In the back are Sanford and his wife, as well as Joan and Pan Mingsai.

Pan Mingsai was a little anxious.

She looked at Joan frequently.

Chapter 1989

Joan asked gently, "What's wrong with Sai Sai?"

"I... Mrs. Fu is anxious to have a baby. I... I want to ask my fourth uncle... Where is my fourth uncle?" Pan Mingsai asked worriedly road.

Joan gently wiped Pan Mingsai's hair: "Don't worry! Who is your fourth uncle? Your fourth uncle is my four twin brothers with the same mother and father. My fourth brother Fu can bring the fourth sister-in-law with you. When I come back, I will definitely be able to bring my brother back.

But you also know that Pan Haoyang has always liked Suzi, so it is impossible for him to follow Suzi and his fourth brother to the house. I think now your fourth uncle, and Shen's only fourth uncle, should be staying at a hotel, right? "

Pan Mingsai sighed, "Hopefully."

She knows the fourth uncle's character best, and the fourth uncle has always been gloomy.

Always looked worried.

Pan Mingsai has been afraid of his fourth uncle since he was a child.

She always felt that Fourth Uncle was a person who took life and death very lightly.

What's more, Pan Mingsai thinks that the fourth uncle is a person who does not want to live, but only wants to die.

But it is such a fourth uncle, who was not pleasing to anyone since childhood, but when he left Nancheng, he left her one million as tuition and living expenses for her university.

At that moment, Pan Mingsai really regarded his fourth uncle as a relative.

Later, in the past six months, the fourth uncle also called her once or twice.

Every time he told her not to save her money, he even reserved a sum for her when he was abroad.

Every time he heard Fourth Uncle say this, Pan Mingsai wanted to cry.

She really wanted to say to her fourth uncle, "fourth uncle, come back to Nancheng. You will be fine if you don't do anything. When I graduate from university, I will support you for the rest of my life when I work."

At this moment, Pan Mingsai wondered if she still had the opportunity to tell the fourth uncle?

Fourth uncle is life and death?

she does not know.

She hasn't had a chance to ask yet.

She can only go to the hospital with the car and watch Mrs. Fu give birth to a child. Maybe Mrs. Fu's child is born, and as soon as Mr. Fu and Mrs. Fu are happy, she can ask.

The car sped all the way and arrived at the hospital in 20 minutes.

In the hospital, the car braked for four or five steps, and the man who had torn off the front one ran frantically to the obstetrics and gynecology department with his wife who was about to give birth, shouting: "Doctor! Doctor! Hurry up, I am My wife is giving birth! Doctor!"

Next to the man was a stumbled child. The height of the child was less than the man's waist, but she raised her hand to pull on her father's clothes, and followed her step by step. Big teardrops flew wildly.

Like her father, she cried in a sharp and childish voice: "Doctor, doctor! Hurry up and save my mother, hurry up and save my mother... woo woo..."

The father and daughter shouted that they had run into the emergency room.

In the emergency room, Sanford had made arrangements in advance. All the doctors and the delivery bed were ready. Arron directly put Suzi in the operating car and pushed him into the delivery room.

The moment he was about to enter the delivery room, Suzi suddenly caught

Taking Arron's hand: "Shaoqin, this... is this true?"

Arron shook his head and said in a very firm tone, "Don't be afraid!"

"Shaoqin, I'm about to give birth? And you... are you right in front of me?" Suzi asked again.

Arron leaned down and kissed her cold forehead: "Don't be afraid, I'm here, I'm here!"

"Our child, my only..." Suzi shouted again.

“Mom, Mom, I’m here, Mom, I’m sorry... woo woo woo.” Shen Weiyi was crying.

But Suzi smiled: “Baby, look how good this gift you gave to your mother, you bumped into your mother, and the younger brother and sister in the mother’s belly will come out. This is your gift to the younger brother and sister. Wait for the younger brother. My sister is out, you and mom will take care of him, okay?”

Shen Weiyi cried and nodded: “Okay mom, okay.”

“Good, don’t cry anymore, mom is going in.” She looked at her child reluctantly.

She didn’t know that her amniotic fluid had been broken, and whether this one in her stomach could still be born, she was afraid that she would never see it again after only one look.

Suzi reluctantly looked at her husband and her child, and was pushed into the delivery room.

Outside the delivery room, Arron and Shen Weiyi lived like a year.

He could clearly hear the screams in the delivery room.

He wanted to rush in, but he was afraid of affecting the doctor’s energy.

It seemed as if a century had passed, and Arron suddenly heard an incomparably loud cry of a baby.

Shen Weiyi also heard it, she immediately stood up and shouted excitedly: “Dad, my mother gave birth!”

Chapter 1990

Hearing Shen Weiyi calling him, Arron suddenly got up and rushed into the delivery room.

The door to the delivery room was still closed.

The man's heart was in his throat. He was holding his six-year-old daughter, and the two of them looked in through the crack of the door, but couldn't see anything.

After a while, the door to the delivery room opened.

The midwife came out with a baby swaddle: "Congratulations, Mr. Fu, you are a little prince."

little Prince?

boy?

"My mother gave me a younger brother?" Shen Weiyi cried happily.

At this time, Suzi was also pushed out, her face was pale and bloodless, her hair was wet in strands, and her hair was dripping slightly.

"Shaoqin..." Suzi shouted weakly.

Arron didn't pick up the child again, didn't even look at the child, he bent down and put his hands around Suzi, and kissed the dense beads of sweat on her forehead with the tip of his tongue: "It's hard, you've worked hard, baby, we won't give birth in the future. , will not give birth in the future..."

Seeing Arron like this, the nurse pushing Suzi next to him was extremely envious.

This is the first time they have seen a man who would not let his wife have children in order to feel sorry for his wife.

He just followed the surgery car step by step, kissing Suzi's forehead and the feverish tears little by little.

Behind him, a six-year-old was dragging his little brother in the stroller as a friend of Xiaopen.

The little brother's skin is pink, tender and soft, and his whole face is covered with fetal oil.

The little boy opened one eye and closed the other. A pair of small fists clenched tightly.

Shen Weiyi stretched out his little hand to compare, his little brother's little face was only as big as her slap, his little face was chubby, and he squeezed a small mouth, like a small bean.

Shen Weiyi suddenly laughed.

"Hey hey, this is my brother? Will I have a brother in the future?" She pushed

Push the cart, muttering.

When I came to the promenade, I saw the waiting outside

A lot of relatives.

"Come out, come out! Suzi Suzi gave birth?" Alyce was the first to rush in. Grandma watched the eldest grandson push the younger grandson, and rushed in with a brisk pace, leaning down to look at the newborn baby.

"Grandma, this is my brother, hee hee." Shen Weiyi raised his head.

Other relatives and friends also gathered around.

Some looked at Suzi's condition, while others looked at the child.

Especially for Dalia, who had just given birth, she knew the most about the process of a woman giving birth, just like walking through

the gates of hell. Like Arron, she bent down and looked at Suzi with pain.

“Suzi, you’ll be fine.” Dalia said gently.

Suzi didn’t have the strength to look up, she only said weakly, “Sister Shan, we... we all survived.”

“Well! It will get better in the future.” Dalia shouted and nodded with a smile.

A group of people pushed Suzi and the baby into the single ward that had been prepared for a long time. After the doctor hung up the water for Suzi, everyone came out in unison.

In the ward, only a family of four remained.

The baby was fast asleep, and he was next to his mother. On Suzi’s side, Arron and Shen Weiwei sat side by side.

The family of four, the real reunion moment, turned out to be in the ward of this hospital.

Arron and the only two looked at Suzi at the same time, and Suzi also looked at them.

After a while, she touched Arron’s green and black stubble, which had merged into her hand and touched Shen Wei’s little face.

The three of them were speechless.

But the three hearts are warm enough to melt.

“Isn’t this a dream?” Suzi asked weakly again.

“Mom, you pinch me, you pinch.” Shen Weiwei put his little face in front of his mother and let her pinch hard.

Suzi

Chapter 1991

She raised her hand and pinched her daughter's little cheek symbolically, she didn't have the strength to pinch her.

Even if she had the strength, she couldn't bear it.

She touched, and suddenly held Shen Weiyi in her arms, crying and sobbing.

"My child... Mom is finally back with you. Mom didn't lose your brother or leave it outside. Our family of four will never repeat the mistakes of your father and grandmother. , From now on, our family of four will be together in life and death. Together!" Suzi cried.

crying and talking.

The family of three, and the newborn baby on the left, hold their hands tightly together.

They looked at each other and smiled.

It didn't take long for Suzi to stay in the hospital, and she was discharged in only two days.

She gave birth naturally, the wound was not too large, and her body recovered well, so she could be discharged from the hospital in two days.

After leaving the hospital and returning home, Shen Xiangcai asked what to do next.

In the old house, where the old man Fu has not yet been mourned, a very small number of upper circles in Nancheng still thought that Arron and Kraig would fight, and Pan Haoyang.

And Ying Ming and Ying Zi have to deal with.

These few days are enough for Arron to be busy.

When busy, things have to be dealt with one by one.

The day after Suzi was discharged from the hospital, Arron went back to the old house, but the huge house on the side of the old house was dead silent.

The domestic servants did not dare to make a sound of footsteps when they walked. In the huge mourning hall, no one was waiting here, and there were no condolences.

Before Arron arrived at the old house, Fu Zhengxiong and Qin Wenyu were quarreling.

“Didn’t you say that! Everything is under control? Why is this battle between Shaoqin and Jingyu a fake! Why!” Fu Zhengxiong roared frantically at Qin Wenyu.

Originally, Fu Zhengxiong’s plan was that if Shaoqin and Jingyu were both injured, he would immediately welcome Haoyang back and let Haoyang replace the Fu Group.

The so-called tiger poison does not eat its sons, and it no longer exists in Fu Zhengxiong.

Because he had already felt that Arron was not close to him.

Fu Zhengxiong never thought of letting his own son die. He just wanted to remove all the hegemony from his son. Even if he supported his son for nothing, Fu Zhengxiong was willing.

Unexpectedly, the son actually came to this trick.

He lied to everyone and made everyone believe that he was really fighting with Kraig, but no one expected that he would wrap the offender’s clothes around him so fast that it would be impossible for him to fly.

Fu Zhengxiong doesn’t know what’s going on there now.

He didn’t know that if the two brothers Shaoqin and Haoyang met, they would kill each other?

Or what?

Fu Zhengxiong was furious.

On the contrary, Qin Wenyu was extremely frightened: “This time he won again, and she won again? What should we do? We become the

second elders, don't we have no way to survive? Zhengxiong! What should we do!

This devil, he will not let us go, he is a murderer without blinking an eye, he is cold-blooded and ruthless.

What should we do, Masao? “

Qin Wenyu was terrified.

She was only seventy years old, and she didn't want to die yet.

Just as terrified as Qin Wenyu, there is also Jin Meitian, who has been scared to the point of being stupid.

Originally, Jin Meitian wanted to discuss with Elma. She knew that Elma had many ideas, but since the launch, Jin Meitian couldn't find Elma.

, I couldn't get through to Elma's phone.

Where has Elma gone?

Jin Meitian was furious.

She watched as Fu Zhengxiong and Qin Wenyu quarreled in darkness. Suddenly, Jin Meitian scolded: “You two, stop arguing! Look who's here!”

The sound was loud enough to calm Fu Zhengxiong and Qin Wenyu.

The two looked out the door at the same time and saw Arron standing there like an iron tower.

Fu Zhengxiong suddenly felt extremely guilty: “Qin... Qin'er...”
