

# PUNISHED BY HIS LOVE

## Chapter 2172 - 2181

Fu Zhengxiong was stunned for a moment.

Then, he burst into tears and said: “Haoyang, no no no, you are Youming, Youming, I...I am your father.”

“Dad?” Pan Youming sneered: “Do you admit that I am your son?”

“Of course Dad admits it. Dad not only admits that you are my son, but the Fu Group also has a share of your shares, right Shaoqin?” After Fu Zhengxiong finished speaking, he turned to look at Arron.

Arron solemnly nodded to Pan Youming.

Pan Youming sneered: “Who cares! I ask you, who cares about your shares! Let alone your shares, I don’t even care about your blood!”

Fu Zhengxiong: “Son, do you despise Dad so much?”

Pan Youming made another cold voice: “Since you only want to be my father and insist on recognizing my son, then I, the son, will tell you! From now on! Please pay attention to your lower body!

I can’t help it! You just cut it off and toss it to feed the dog!

It’s you who damn it, it’s you who harmed the woman!

As a result, when you are pregnant with your child, you can treat her so cruelly!

How did someone like you have that kind of thing?

Since I can’t control that thing, I cut it! “

Fu Zhengxiong: “...”

All along, even when he is old, he has received far more respect than the insults he has received. In this life, Fu Zhengxiong has never received any insults.

Don't talk about insults, no one dares to insult lightly.

However, after living for such a long time, the first person to scold him like this turned out to be his own son.

This is what Fu Zhengxiong really did not expect.

Moreover, when this son scolded him, it turned out that there was no bottom line.

Fu Zhengxiong's eyes filled with turbid tears.

However, he opened his mouth, but said nothing.

Yes.

He was wrong after all

Every time he played, he ruined a woman's life, not only that, but also let his children live abroad for more than 30 years and suffered from bullying by others.

Suddenly, Fu Zhengxiong fell to his knees.

His kneeling made Pan Youming suddenly stunned.

Zhu Zhu, who was still angry and didn't look at it just now, was also stunned.

"You, what are you doing? Are you going to ruin my mother's longevity! Don't do this! Get up!" Pan Youming hated, wishing he could kick Fu Zhengxiong down the mountain.

But Fu Zhengxiong hugged Pan Youming's leg.

"Youming, you, do you listen to Dad, is it okay to listen to Dad?"

Pan Youming didn't even look at Fu Zhengxiong, he just raised his head and said in a hoarse voice, "Okay, say it!"

"It's Dad's fault!"

Dad knew it was wrong!

Ever since Shaoqin's mother died, I have known that I was wrong.

But, I can't get anything back.

The mistakes I made when I was young, even if I use my life to pay for them, I can't pay them back.

Besides, I've been punished now.

All of Shaoqin's sons have left me, and my original wife also died in the mental hospital.

Right now, I am alone in the Fu family's old mansion.

Can you imagine how desolate it can be?

In front of my house, there was a weed as tall as a man.

I don't know, I thought that place was the grave of the dead.

I, your dad and me, live in that kind of place every day now.

There was no one around my father to talk to.

In the past few years, the walking dead have been living, and it is better to live than to die.

But I dare not die.

I am afraid that my first wife will ask me to pay, I am afraid that Shaoqin's mother will ask me to pay, I am afraid...

So I suffer like this every day, life is better than death.

Your father and me, it is better to die now... woo woo woo. "

The seventy-year-old old man's voice when he was crying was more desolate than the howling of the black crows in the ravine.

The desolate voice made Suzi feel unbearable to listen.

## **Chapter 2173**

Fu Zhengxiong cried for a while, and then laughed at himself in a mournful tone: "Who knows, although I am alive, it is more uncomfortable than death? I am suffering.

Live to suffer.

I don't blame anyone, it's all my fault.

But, Yumin..."

Having said this, Fu Zhengxiong looked up at Pan Youming: "Youming, I am a guilty person, I deserve to die for my sins, and I should be thrown into a frying pan after I die, falling into the eighteenth floor to resist, I admit it.

It's all my life.

But what about your mother?

Look at how thin she is. On this mountain, she is almost 60 years old, and she still has to cut wood here. Do you want her to cut wood alone when she is 70 years old?

your mother what did she do wrong?

What's wrong with her?

Do you have the heart to allow your mother to remain a buddha in the rest of her life?

At the age of seventy, still fetching water and chopping firewood in this deep mountain forest? "

Speaking of this, Pan Youming was in a trance.

What Fu Zhengxiong said was correct.

Although I saw my mother for the first time today, but now that I have seen my mother and know her past difficulties, Pan Youming can't let her live here.

He lowered his head and looked at Fu Zhengxiong coldly: "It doesn't matter to you! I will naturally take care of my mother."

Fu Zhengxiong sighed lightly and said with a smile: "Silly child. You are a doctor, you still have things to do, you want to get married, have children, you can't take care of your mother well, you give your mother to me.

beating or scolding.

As long as your mother is in a good mood.

If your mother doesn't want to see me, I can't see her from now on, but I can give her food and drink every day, and take care of her as best I can without letting her see me.

Dad is so old and has no other thoughts.

Your mother is not yet sixty years old. Although she is not young, people nowadays are not old.

Maybe you can find another wife.

Never lose your ideals and hopes in life.

isn't it?

child? "

These words, Fu Zhengxiong can't be more sincere.

He really didn't mean anything else.

He just wanted to atone.

I want to be as nice to Zhu Zhu as possible.

These words made Pan Youming stunned.

And behind him, his mother Zhu Zhu's anger has eased a lot, and Zhu Zhu has been indifferent to the world for decades.

But when she met Fu Zhengxiong, she was indeed angry and excited.

This will make her calm down a lot, at least not chasing Fu Zhengxiong away.

She just said calmly and indifferently: “Mr. Fu, I understand your kindness, my whole life is ruined by your hands, so the person I don’t want to see in this book is you.

you go.

I’m a lot happier if you don’t let me see you in this life.

And son.

You didn’t watch him for a day.

I do not have either.

So we don’t deserve to be the parents of our children.

If the child wants to, I will give him all the money I have saved from chopping wood for the past thirty or forty years. Make his life a little easier, and as for me, you don’t have to worry about me.

I am used to it under this ancient Buddha of the blue lamp. I’m not going anywhere. “

After saying this, Zhu Zhu looked at Pan Youming: “Is it okay, child?”

Pan Youming shook his head firmly and said word by word, “Mom! Come with me! Your good days are still in your throat!

Your daughter-in-law and I will be very filial to you.

You are young, not yet sixty years old, you can live to be a hundred years old. Forty or fifty years left.

mom!

go home with me! “

Zhu Zhu suddenly cried, and she put her hand on Pan Youming’s face: “Son...Mom...You don’t blame mom, mom finally has a backer in her life, right?”

## Chapter 2174

Pan Youming looked at his mother with tears in his eyes: “Yes, mother, you have a backer. I will be your backer in the future.”

Zhu Zhu said again, “Even if I didn't raise you for a day?”

“As long as you give birth to me, you are my mother.”

“Good boy.” Zhu Zhu looked at her son with tears in her eyes: “Mama's life is worth it even if she dies, I'm sorry for you, mother will return to secular life, mother doesn't need you to take care of you, mother wants to take care of you, take care of you for you Child, mother, this is vulgar.”

The reason why people saw through the world and became a nun was originally because they had no hope for life.

But now it's different.

Zhu Zhu, who was almost sixty years old, rekindled hope when she saw her son.

So, the day her son came to find her, she was still vulgar.

The old man lived alone and unmarried all his life. Finally, in his twilight years, he found his own son and found support.

When he came out of the nunnery, the son kept his arms around his mother.

The son is not rich.

But he also donated 50,000 yuan to the nunnery.

He also promised that the nunnery would send 50,000 yuan every year in the future. Although it was not much, it was enough for the other two people in the nunnery to live. If they wanted, he could send them to a nursing home.

The other two old people are very grateful to Pan Youming.

This is a happy ending.

When she came out of the nunnery with her frail mother in her arms, the first person the mother and son saw was Yingzi.

“Mom.” Yingzi shouted, there was no strangeness in her tone.

“Hey, child...” Zhu Zhu cried and looked at Yingzi with a smile.

“Mom, you are so young. My mother is older than you, but my mother died earlier. My mother died more than 20 years ago. I didn’t have a father since I was a child, and my mother died early. Later, my brother also died. It’s my own mother.”

“Good boy, don’t cry, don’t cry, in the future, mother will love you.”  
Zhu Zhu suddenly laughed.

She found her son in her twilight years.

It’s like having a daughter.

how nice.

“Auntie...” A male voice shouted from behind.

Zhu Zhu looked up and saw behind Yingzi, a couple standing there.

The man looked somewhat similar to his son, but he had more innate arrogance than his son.

Zhu Zhu is not stupid, she immediately knew who it was: “Fu... the young master of the Fu family, I... don’t you blame me, and... call me auntie, for me Being a junior, I deeply apologize for the harm you have caused your mother, even if you smash my body into tens of thousands of pieces, I have no complaints, just don’t hurt my son, okay, my son is innocent.”

“Auntie.” Arron shouted again: “My mother, like you, has never been married in her life and never wore a wedding dress. The only difference between her and you is that she gave birth to two sons, and one of them is also with you. The same, living abroad, and, to death, my mother did not see her little son.

Then my twin brother died before my eyes.

Later, I saw Yuming, who looked exactly like my dead brother. “

Zhu Zhu was stunned.

She turned to look at her son.

The son nodded: “Mom, this is my brother, my half-brother, who treats me very well.”

“Child...” Zhu Zhu looked at Arron kindly.

“Hello, Auntie.” Shen Xiangzai also shouted with a smile.

“Hey, hey, good boy.” Zhu Zhu was excited, not knowing what to say.

A lifetime of loneliness.

He thought she would die like this forever.

But I never thought that happiness came so suddenly.

She was suddenly surrounded by four children, some of them holding her arms and some holding her shoulders, giving her wireless warmth and a sense of security.

A few people were about to go down the mountain, when they heard the sigh of a miserable old man behind them.

Pan Youming didn't look back.

Arron turned around.

## Chapter 2175

Fu Zhengxiong was still kneeling there, crying extremely miserably.

Arron and Pan Youming glanced at each other.

Pan Pan Youming said indifferently, "Brother, I recognize you as a brother, but I don't want to recognize my father anymore."

"I understand." Arron did not force Pan Youming.

More than just Pan Youming hating his father?

Why doesn't he, Arron, hate him?

It's just that compared to Pan Youming, he is relatively better. At least he knew that he had a father since he was a child, and his father never stopped his expenses.

Now, my father is in his seventies.

The old man is in his twilight years, and besides, he can be regarded as getting some punishment for the way he is now.

Anyway, at this age, he is his biological father after all. Arron doesn't seem to care about Fu Zhengxiong anymore.

He said to Pan Youming, "Youming, take your aunt down the mountain first. I'll settle my father, and we'll get together again."

Pan Youming nodded: "I'm sorry, brother."

"go quickly."

Pan Youming and Yingzi helped Zhu Zhu down the mountain.

Here Arron and Suzi also took Fu Zhengxiong down the mountain.

All the way, Fu Zhengxiong said, “Shaoqin, your aunt Zhu Zhu...”

“Dad!” Arron said to his father coldly: “Many things, once they have been done, can no longer be undone. What you can do now is not to disturb other people’s lives.”

“But, my son...”

“Strictly speaking, he is not your son, you just abandoned a cell in your body, and your cell has endangered others, making others pregnant when they have to, that’s all.

That was originally the unwanted cell you gave up.

You never cared, loved, nurtured him for a day.

Not only that, but you also made his mother lonely all her life, and you still want to recognize him now.

Do you think it’s possible? “

Fu Zhengxiong sighed oldly: “No, it’s impossible.”

“Then go back to your old house. Don’t disturb them again.”

“Shaoqin, you and Xiangxiang...” Fu Zhengxiong asked again.

“Take the time, let’s see you.” Arron said.

He felt that his current personality had changed a lot. If it was his personality ten years ago, he would not be so kind.

But now it’s different.

He has a family, children, and a happy family, all of which gradually dispelled the hostility in him.

After sending my father back to the old house and comforting him for a while, it was already noon.

Arron raised his wrist and looked at his watch, then said to Suzi: "I won't send you back, you can go back by car. There is an important meeting in my company. Today, I signed a contract with a multinational company in Southeast Asia. It's not because of Youming's incident, the meeting was originally scheduled for the morning, but now it has been postponed to the afternoon, I will meet the company quickly, I hope they don't wait in a hurry."

Suzi smiled understandingly: "Go, don't delay work."

"Well." At the same time Arron agreed, he suddenly hugged Suzi in his arms.

Suzi was startled, then smiled and said, "It's all from the old man's wife, what are you doing?"

"Suzi, we... we will always be loving and loving, not like my father..."

"Well, of course!" Suzi said: "Go to the company quickly, don't let the customer wait too much."

"Okay." Arron said gently.

After separating from Suzi, he went straight to the company by car.

It was already one o'clock in the afternoon when we arrived at the company.

The company's conference room was already full of people, just waiting for him, the most powerful person in the Fu Group, to come and preside over the meeting.

Arron went back to the office first. He wanted to take his notebook with him. As soon as he entered the door, he saw a woman sitting on the sofa in the office.

"Mr. Fu, how are you." The woman politely smiled.

## **Chapter 2176**

A woman in her thirties, a professional attire shows her capable temperament, but at the same time it does not lose the graceful femininity.

The woman is in good shape.

Concave and convex, very graceful, but not showy at all, but when matched with a woman's professional attire, she is even more noble.

In the dignity, it appears to be gentle and gentle.

It has the charm of a mature woman in her thirties.

In particular, the way a woman walks gracefully makes people feel very comfortable. Such a woman walks towards Arron step by step, with a smile on her face: "Mr. Fu, what are you stunned for?"

Arron was expressionless.

He didn't like anyone entering his office without permission.

Except for his wife and his three children.

And this woman in front of me...

"President Wen, didn't you mean that you didn't show up in person for this contract, but Mr. Fu from your company came here? Why does Mr. Fu also like to play airborne?" Arron held back his anger and talked to Wen Lan.

Over the years, his temper has subsided a lot.

The tolerance for people is more than ten times more than ten years ago.

Perhaps, his tolerance like this gave people an illusion?

Wen Lan smiled lightly, the laughter was a gentle and feminine laughter, she fluttered her silky smooth shawl hair, came to Arron, and said gracefully: "Shaoqin, Didn't you say that, you really want to see me, and it's because of your words, so I canceled the conferences in the west and took a connecting flight."

Shaoqin.

Just called Mr. Fu.

Now it has become Shaoqin.

As expected of a female president of a multinational company.

She also deserves to be the youngest heiress of the largest multinational company in Southeast Asia.

If he said he would withdraw from the Western Conference, he would dismiss it.

Arron lightly pulled out a polite smile, but his tone was irrefutable: "Let's go, President Wen, the meeting is about to start. Since it has already come, you must attend the contract meeting between me and your company."

Wen Lan: "..."

She is here to sign the contract.

Lai and Arron sent the order. This time the order was successful, and the Fu Group can make a net profit of several hundred million in just a few days.

With such a large contract and order amount given to this man, this man actually treats her with such business affairs, as if she has no friendship at all?

No!

It was as if the Fu Group was giving her an order to Wen Lan.

Doesn't this turn over!

Wen Lan suddenly became annoyed.

But she has always been very well-trained, so she doesn't have seizures.

Moreover, the more Arron is like this, the more Wen Lan likes it.

Although this man is a little older.

It is said that he is thirty-seven or eighteen years old, but because of his strong and sturdy figure, his complexion is a bronze color that is very healthy and masculine, and his eyes are indifferent and very kingly.

The whole person walks and walks, looking like a tiger and a wind.

He looked no more than thirty-one or two years old.

It is the time when a man's vitality is the strongest and the strongest.

What's more, this man is still calling for wind and rain, asking for money and money.

Wen Lan likes a man like him who is not afraid of her at all and doesn't take her seriously at all.

"Okay." After a long while, Wen Lan said gently.

Because of her liking for Arron, Wen Lan decided that when the contract was signed at the meeting, she was giving two points to the Fu Group.

That's two points.

After this project was accounted for, Wen's Group only earned five or six points.

Given two points to the Fu Group, they only have three or four points left for Wen's.

But who made her Wen Lan like Arron?

There was a cold scene at the meeting.

## **Chapter 2177**

Since it is a contract meeting, there will definitely be a battle for interests between each other, but in fact, such a mature contract memory, under the venue, they have already negotiated with each other, and now on the scene, each other is just saying face-to-face.

In particular, the other party is the Wen's Group Company of the Melon and Fruit Group.

A group of executives who came to negotiate with the Fu Group is because Party A still wants to dominate.

What's more, the eldest miss of Wen's Group Company is still there today.

They want to show more.

Several executives agreed and showed off at the meeting, what to give to Fu Group, and many companies want to take orders, but in the end they chose Fu Group leisurely.

Hearing these words in Wen Lan's ears, Wen Lan was also very useful.

She looked at Arron with a smile of superiority on her face.

But I never thought that Arron would say abruptly: "If your company thinks that this will weaken your profit margin, we may not cooperate. As for all the expenses of your company's executives, our company will fully bear it.

If your company still feels that there is any loss, even if you put it forward, our company will compensate you all. "

As soon as these words came out, everyone on the other side was stunned.

On the other hand, the people from the Fu Corporation did not respond.

They know the president of their family best.

Whether it is for other people's projects, or from other companies to do projects, Fu Group has always been in a dominant position.

There is no company in Mr. Fu's place yet, and this kind of side-by-side suppression.

What's more, in today's meeting, the person who occupies the first place is a woman.

It's not that the vice president looks down on women.

On the contrary, the president is the most respectful of women.

Maybe it's because of respect that the CEO will not hesitate to give the other party any chance.

"Arron, what do you mean! Aren't you fooling us to play! We came all the way here!" At this time, Wen Lan was really anxious.

She stood up abruptly.

Arron didn't even look at Wen Lan.

He just straightened his suit and went out.

"Arron! Stop for me! Don't forget, we do the business for you!" Wen Lan stomped her feet, her face turning red with anger.

She also had a major sense of frustration.

This is the man she admires.

Why haven't we started formal dealings yet, and it's over!

She had thought about giving altruism two percent!

Arron stopped, turned his head, and said with an expressionless face, "I'm sorry, Miss Wen, that's the way it is. Our company has never been hard on others. Just now, the subordinates of your company have repeatedly stated that it is your own business to do business for us. I think, Your company may have forgotten one of the most principled things.

Cooperation is a win-win situation.

There is no such thing as who gives profit to whom.

If there is such a problem, the balance of cooperation is tilted.

Miss Wen, do you think that if the interests of both parties are skewed, can the two parties continue to cooperate? “

Wen Lan: “...”

She did not expect that Arron was so steely.

Taking over your project, you will never be allowed to have a sense of superiority.

However, what Arron said was right.

It should be so.

Both parties to the cooperation, since cooperation is a win-win situation, there is no one who takes care of the other and whoever benefits.

The anger in her heart disappeared suddenly.

Immediately afterwards, it turned to a gentle smile: “President Fu, Shaoqin, I’m sorry, we were wrong, please give us a second chance, okay? We, apart from the Fu Group, can successfully complete such a project. , we really can’t find a second company with such a strong presence.”

Then Arron sat down and said calmly, “Okay!”

There is a chance to make a lot of money, who is willing to give up the opportunity.

After the contract was signed happily, Wen Lan made an appointment with Arron in a good mood: “Mr. Fu, congratulations on our successful cooperation, how about we find a place to have a drink alone?”

“No, I want to go home and accompany my wife.” Arron said.

## **Chapter 2178**

Wen Lan smiled gently: “Your wife? Is that...Suzi?”

Arron didn’t speak, just looked at Wen Lan.

The expression on his face was so flat that Wen Lan felt that he had no response.

“Shaoqin, after so many years, you and your wife... Suzi, have the relationship faded?” Wen Lan’s tone was very understanding.

Before coming to Nancheng, Wen Lan knew about Arron’s personal and family affairs.

Arron’s wife, Suzi, was secretly pregnant with Arron’s flesh and blood. She ran with the ball and was found by Arron five years later. Until now, there are still many people in Nancheng talking about it.

What to say, Arron’s wife is a poor mother.

If Mrs. Fu was not pregnant with Arron’s child, Arron might have gone to the noble lady in Nancheng or Kyoto long ago.

It’s a pity that so many noble ladies who want to marry Arron have never been able to fight against a woman from the bottom who is pregnant with a child.

Ten years in ten years, the little prisoner back then, the woman who didn’t even know who her father was, actually sat firmly in the position of the wife of the Fu family for ten years.

It’s just that in the past ten years, Mrs. Fu rarely showed up.

When the Fu Group is public, Mrs. Fu hardly comes out.

Is she unwilling to come out?

Wen Lan couldn’t help but laugh in her heart.

How can a woman who came from a small family and who used to rely on the child in her womb to get the upper hand?

Therefore, Wen Lan didn’t put Suzi in his eyes either.

“Shaoqin, did you acquiesce in not answering my question? I guess that your little wife is only suitable for keeping at home, um, maybe at home, she will act like a spoiled child and play tricks on you. Playing a

little seduction or something, as for these big things outside, she doesn't care at all, right?"

But Shaoqin, all of you men like to be haunted by such little women, right?

Well, I guess, as soon as you get home, before you open the door and go in, she is already standing at the door, waiting to give you slippers.

After changing your shoes, I immediately handed you a hot towel to wipe your hands and eat.

After dinner, you lie down on the sofa as much as possible, and she massages you, pinches your shoulders, and massages your entire body.

Until at night, when you go to bed, you blow the wind in your ear, "Husband, I love you so much, you are so strong." Then, you gave her a bank black gold card.

am I right? "

If Wen Lan's words were replaced by any other woman, they might be sarcastic and sarcastic.

However, Wen Lan's tone was too gentle, gentle and intellectual.

From her mouth, it was as if she was describing something that was not unusual for her opinion.

Moreover, she still listened to Arron with a lot of understanding and an intimate tone.

Such words make people feel understood and understood, which is very comfortable.

After she finished speaking, she looked at Arron with a smile.

Arron still didn't speak.

He is waiting for the car.

Waiting for Christopher's car to arrive.

Christopher went to the kindergarten to pick up two small things. Originally, Suzi should have picked up the two small things.

Now Suzi not only takes care of the construction company's affairs in an orderly manner, but also rarely bothers Arron with the children's affairs, because she knows that Shaoqin is busier than her.

But today, Suzi was involved in the discussion of the shape and structure of a large overpass, so that he could not get off work on time.

The little things from the two kindergartens can only be picked up by Christopher.

After picking up the child and then picking up Arron in turn, it took a little time.

Arron can only listen to Wen Lan here and say that there are some things.

He may not listen.

But after all, it is a man, and a man must be tolerant and generous.

What's more, you just made a billion from others.

Therefore, Arron should not have heard.

"Shaoqin!" Wen Lan called Arron gently again.

OMG!

This man is really calm.

Calm and cool.

This is the best man Wen Lan has ever seen since he took office, and this man got married and had children, and he smelled like a mature man.

Wen Lan is the only eldest young lady of the Wen family in Southeast Asia.

Throughout Southeast Asia, she has seen countless men.

## **Chapter 2179**

The men of the Wen family who were waiting to join the family were like a crucian carp crossing the river. They were so disgusting.

But none of these men really could be attracted to Wen Lan.

Those men are too servile.

Too servile to kneel.

So Wen Lan doesn't look down on any of them.

It was this Arron.

For giving him so much profit, Arron didn't even feel grateful to her, and he didn't even look at her.

He is indeed the richest man in Nancheng.

Wen Lan likes it more and more.

She didn't mind that Arron was married.

I don't mind how many children Arron has.

In the process of Wen Lan getting to know the Fu family, Wen Lan knew for a long time that Arron's father, Fu Zhengxiong, was a merciful man when he was young.

Arron's grandfather, Fu Hengsheng, used to be a philanderer.

The men of their Fu family can not only control the huge group company, but also the women around them.

Wen Lan is also a woman.

No matter how strong a woman is, in her heart, she still hopes to be controlled and mastered by a man.

She also wanted to be controlled by the man in front of her.

She didn't believe that, with the worth of her Wen family, she would not be able to match the woman in Arron's family.

She didn't want Arron to pay anything.

It doesn't matter if you don't get married.

She has the backing of the Wen family, and it doesn't matter if she is not married in this life.

As long as she can have a man she likes.

Even in the middle of the night, to wash this man's feet and pinching his back, as long as this man is what she likes.

"Miss Wen, what else do you need me to do for you?" Arron looked at Wen Lan coldly.

"I just want you to have a drink with me, let's celebrate. But you don't agree, you said you want to go home to accompany your wife, you see what you said, it's like I don't want you to go home to accompany your wife.

Am I like that?

I just feel that we have worked together and should be celebrated.

Besides, I don't have any friends in Nancheng, the only one I know is you, Shaoqin, shouldn't you be doing your best as a landlord? "

What I said, if it were another man, I couldn't refuse it.

However, Arron still said with a cold face: "I'm sorry, President Wen, I want to go shopping in Nancheng, I will send someone to accompany you to celebrate, Fu's Group and Wen's Group can set aside time alone, the two companies related personnel together.

As for me, I never lose anyone.

Especially female guests!

Miss Wen, please do it yourself! "

Wen Lan: "You..."

I really love and hate this man!

No, I love it more and more!

She clenched her teeth lovingly, her heart beating wildly.

It happened that at this time, a car drove by not far away, and Arron saw that the car was coming from Christopher. But more than that, the car was already approaching Arron, and there was no intention of stopping.

Arron couldn't help frowning.

What happened to Christopher today?

Just when he was puzzled, Christopher's car had already driven over.

Moreover, the front of the car was obviously coming towards Wen Lan.

This is strict!

Could it be that he wanted to kill Wen Lan?

In a hurry, Arron raised his hand and pulled Wen Lan, and Wen Lan took advantage of the situation and fell into Arron's arms, and gave a delicate cry.

Immediately afterwards, they heard the sound of an emergency brake.

Christopher, who had just stopped the car, shrugged and looked at the twelve-year-old girl in the car: "Little princess, I told you, your method is not good, look, this woman is... ."

The little girl's hair in the car stood up, she didn't listen to Christopher, she suddenly opened the car door.

The twelve-year-old girl bumped into the woman who was snuggling in her father's arms: "Where's the wild woman, get out of here!"

## Chapter 2180

Shen's only strength is great.

The little girl has always been in good health, and her fighting power is particularly strong.

At the age of 12, she was a little over 1.6 meters tall, and she had the combat power of an adult. She slammed into it, and without any precautions, Wen Lan stumbled back several steps in a row. She was wearing High heels again, accidentally stuck in a sewer groove.

Eh!

Wen Lan wanted to pull it out but couldn't.

One foot was unsteady again, and he was limping back and forth like this, unable to pull out no matter how much he pumped.

At this time, two smaller things came down from the car.

The older boys are about four or five years old, and the smaller ones are about two or three years old.

The two little boys were wearing suits and school uniforms, and they both wore sunglasses.

The two little guys stood in front of Wen Lan, one left and one right.

"Auntie, what's the matter with you?" Fu Liu raised his head and asked Wen Lan with a gentleman's irony.

Two and a half years younger than him, the little friend Fu Xingyi also raised his head, speaking half clear and half unclear, but looking at Wen Lan very seriously: "Auntie, you look ugly like this."

Wen Lan: "..."

I was about to vomit blood from this little kid who was still wearing a diaper.

She was so angry that her face flushed: “You uneducated little bastard!”

The frightened Fu Xingyi was behind Fu Liuyi.

What did he say wrong?

This aunt is very ugly, she is not much more beautiful than her mother.

He and his brother are both well-bred children, okay?

Only my sister is fierce.

The little boy looked at his sister aggrieved.

The twelve-year-old sister crossed her hips angrily, and looked at Wen Lan with wide eyes: “Who are you! Are you a woman without legs and feet, can’t you stand? Why did you throw yourself into my father’s arms!”

“My brother said you were wrong! You are just ugly!

10,000 times uglier than my mother!

You ugly bastard!

Throwing into my father’s arms, it made my father ugly!

snort! “

Wen Lan: “You...you three, are...”

She was about to say if they were Arron’s three children, but before she could finish her words, she was shoved by Shen Weiyi’s children’s shoes again.

This push directly pushed Miss Wen Lan to the ground.

Got stuck in a sewer trench and got a swollen foot.

“Ow, my feet hurt...” Wen Lan’s painful tears came out.

Behind him, Christopher, who was watching all this, told Shen Weiyi children's shoes very unkindly: "Little Queen, what you do will only create opportunities for Miss Wen Lan to get close to your father. Your IQ is not online today. "

According to Christopher's understanding of Miss Fu's family, she is definitely not a little girl with such a low IQ.

A girl's IQ inherits the advantages of her parents and mothers.

Twelve-year-olds can travel all over the country.

And after the winter and summer vacations, you can go to Europe to play by yourself.

No matter where she goes, her parents are very at ease with her.

Shen Weiyi's little friend has always been very calm, quiet, and basically won't do such impulsive things.

But today, what happened to the little girl?

Shen Weiyi raised his eyebrows and smiled at Christopher: "I'm only a twelve-year-old child, how can I have such a high IQ? I just saw a woman jumping into my father's arms, and I was very angry. .

In this world, the only woman who can throw herself into my father's arms can only be my mother!

No other woman can do it!

snort! "

While the little girl hummed angrily, Arron had helped Wen Lan up.

Wen Lan was able to stand still before.

Now that her feet are sprained, she really can't stand up anymore. She can only lean on Arron's body.

Wen Lan, who was leaning on Arron, looked at Shen Weiyi with a gentle smile: "Children, don't be afraid. Auntie doesn't blame you. Auntie knows that you are President Fu's daughter, right?"

## Chapter 2181

Her tone was gentle.

but.

Shen Wei is not a fool either.

As soon as she heard it, she heard that Wen Lan was mocking her.

Shen Weiyi was even more angry, akimbo: “Ah, get up! Get up for me!”

Five-year-old Fu Liuyi and two-and-a-half-year-old Fu Xingyi also ran to their sister. The two little boys were originally very well-bred children. They were very sympathetic to Wen Lan’s foot just now. So angry, the two laughing boys immediately ran to their sister.

Fu Liuyi looked at Wen Lan sternly: “Let go of my father!”

Fu Xingyi stomped his feet and stared, “Aunt Ugly! Let go of Dad!”

Wen Lan smiled in her heart.

She was indeed laughing at Shen Weiyi just now.

She laughed at these three children, they didn’t seem to be well-bred.

It’s like a child from a small family. He doesn’t want Arron’s child of the Fu family at all, which makes Wen Lan think of the mother of three children.

Their mother did not graduate from college.

The woman who came out of the prison.

How can a woman with a big belly be any better?

No matter how much the outside world praises it, the upbringing of the three children is here.

From the child, Wen Lan can determine what rank their mother is.

Thinking of this, my heart became more and more happy.

As soon as she was happy, she no longer bothered with the three, anyway, now Arron is also supporting her.

She looked at the three children very gently: “Baby, if you say auntie is ugly, auntie is ugly, as long as your three children are happy, okay, but auntie can’t walk now, so she has to go to the hospital .

Go home and tell your mom, I’ll borrow your dad to use it first, okay? “

Although this is very polite.

However, it is also enough to suffocate the only one.

Even Christopher was worried about Shen Weiyi.

Unexpectedly, Shen Weiyi suddenly smiled: “Okay.”

Wen Lan: “...”

Really did not expect.

She even blurted out and asked, “You...you actually agreed?”

She was originally going to anger Shen Weiyi again, making Shen Weiyi not agree, crying and howling, angering Arron.

Since then, Arron will definitely take out his anger at his wife when he returns home.

Not only that, her foot was stabbed, Arron would not ignore her anyway.

But, the little girl in front of her is not angry anymore.

Shen Weiyi smiled very happily: “Aunt Ugly, I figured it out. You are a hundred times more beautiful than my mother, so no matter how you seduce my father, you won’t be able to seduce me. Besides, you Now your feet are indeed swollen. You can’t walk anymore. As your partner, my father is obliged to send you to the hospital.

Even if I disagree, my dad will still send you to the hospital.

So, I can only agree. “

Wen Lan was stunned.

Unexpectedly, this little girl has some brains.

She immediately nodded and smiled: “Well, you’re still good.”

Shen Weiyi looked at Arron: “Dad, go and take this ugly aunt to the hospital, my brother and mother are waiting for you to eat at home, come back early, by the way, my aunt’s feet will definitely not be able to walk these two days, Remember to rent a wheelchair for your aunt.”

Arron smiled quietly in his heart.

This ghostly girl!

There are so many bad intentions, so many trucks!

I really don’t know who inherited it.

Thinking about it, Arron thought it was funny again, the girl did not inherit herself, but who else could she inherit.

He has been like this since he was a child. He is very strong in combat and especially digs holes for others.

Daughter is like that.

The girl is so hardworking in this play, can he do it if he doesn’t cooperate with this?

He nodded and said in a deep and respectful voice: “I can’t be so naughty in the future, go home and tell your mother, I will accompany my aunt to the hospital.”
