

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel alternative...

Chapter 2384

Yi Yun was stunned: "You... What did you say?"

Arron sneered, not even looking Take a look at Yi Yun.

It was Galia, who came to Yi Yun and said with a very cold and solemn attitude: "The family tradition of the Shu family has been corrupted by you filthy things! One by one, they claim to be the Shu family!

Really The Shu family!

My husband, who has stayed in the Shu family all his life to do filial piety, will never be like you!

Since I have received an education in the West, a good education!

Then why come back, relying on the name of the Shu family!

I tell you!

Yi's housemaid!

The old man is dead! The person you want to rely on will never be able to rely on you again!

Now the Shu family, my husband, and I are in charge!

Now I will declare to you, the Shu family, there is no You man!
Change it to me and die!

Also, if you're here to seduce my brother-in-law, I'll break your leg!

Get out!”

Since Galia was allowed to take charge of Shu Home affairs, she has also become a lot sharper.

She knew that the big Shu family, who was not cruel or harsh, could not manage well!

She doesn't want anything else, she just wants her parents-in-law, herself, her husband, and Aunt Alyce to live a peaceful life.

As for those miscellaneous people, does it have anything to do with the Shu family?

No!

No!

If not, then change where to die and where to die!

“You let me die away?” Yi Yun asked Galia in disbelief.

“That's right, stay away! If you talk about your Shu family outside, I'll break you off!” Galia became ruthless, not as good as Rayna.

After she finished speaking, she said to the security guard, “Take it away and send it to the police station!” The

security guard said, “Yes!”

and dragged Yi Yun away.

Yi Yun wanted to cry, but the security guard covered her mouth.

She was dragged out just like that.

Calm again in the office.

Galia looked at Arron apologetically again: “Mr. Fu, I'm sorry, I made you laugh, the old man is very good-looking, and he always feels that he should be nice to all the people around him. I

don't know, it's too much to make a name for himself.

Even his own He doesn't care about his own daughter, he has to care about so many outsiders. He has indeed won a good reputation in his life, and his reputation is famous in the country.

But what about his daughter?

The only daughter is lonely all her life

. We. You are

also implicated.

This woman, who appeared out of nowhere, can come directly to your office to harass you, which is really fierce. It's

okay, Mr. Fu, I have to go back, I have to go back Tell Ming Zhen immediately and let him see what's going on, if it's the Shu family's former domestic servant or something, I have to ask Ming Zhen to send her out of the country immediately!

Never come back! It

's disgusting!"

Arron looked at Galia with great satisfaction: "Galia, you have grown a lot. If Suzi sees you like this, he will be very happy for you, go ahead."

"Okay!"

Galia left the Fu Group . After that, he went directly to Darius.

It happened that Darius had just finished the meeting.

Seeing Galia coming to him, Darius immediately said indulgently: "Why, just because I am the wife of the shareholder, I am tired of running into my husband's office instead of being in my post during work?"

Chapter 2385

Galia was said by Darius and immediately became stunned.

“Humph! You don’t know yet. Not only did I get tired of running into your office, but I also ran out during work hours. Humph!”

Darius laughed immediately.

He’s all right there.

He has always been very strict in the company, but there is only one shortcoming, he dotes on his wife too much.

Galia was favored by him, although she is now a thirty-year-old woman, she still looks like a child.

The whole company knows that Shu understands his wife very much, and no one cares about it. Anyway, Shu Dong did not ask the company to arrange any important work for his wife.

Galia was still in the administration department.

Not even a single job promotion.

Fortunately, Galia has always been a Buddhist and doesn’t take his career seriously, as long as he has a job every day.

Moreover, Galia has never been domineering in the company because her husband is a shareholder. She just wants to make her work easier.

She has never been sloppy in such an easy job, and has always done it conscientiously.

Then, the time after the shareholder’s wife finishes her work is, of course, discretionary.

This is the default across the company.

Also, no one commented.

Yanyan ran to Suzi and Rayna from time to time to chat, and by the way, she could also help Suzi and Rayna with chores.

Every now and then, I would run into my husband’s office and get tired of it. This is the norm.

Therefore, when Darius told her, she didn't care.

But today she said to Darius seriously: "Husband, you have so many relatives!"

"What's wrong?" Darius put down the document in his hand and looked at Galia seriously.

Galia pouted: "Also, all of them are unruly relatives! But husband, didn't you find out? To be more strict, there are actually only three relatives in your family who are real relatives!

One is from your aunt's family. Cousin, Rayna!

There is also a cousin from an aunt's family, Suzi!

And then there is your aunt, Aunt Alyce!

The rest are all messed-up relatives! I ca

don't fight!

I've never seen them before! Rong Rong pretends to be the Shu family outside, let alone the Shu family's guise, Rong Rong rarely goes to the Shu family!

Not to mention Suzi, before the old man died, she didn't even go to the Shu family once. Yes.

There is also Aunt Alyce, who has been lonely all her life, and has never seen the halo of the Shu family. It's

those bastards!

It makes me sick to death!"

Hearing Galia's words, Darius frowned immediately.

He got up and came to Galia, put his arms around her on the sofa, and coaxed her: "Baby, tell your husband what happened, who offended you? You are a straight-hearted person, if you encounter anything outside You must tell me the matter, and I will handle it for you, understand?"

Galia felt extremely sweet in her heart.

She rested her head on Darius's shoulder: "Didn't I just go to Arron's company to deliver dumplings to him."

"Well, I agree." Shu Ming shook his head.

"I met a woman outside Arron's office. She was harassing Arron. I asked her who she was. Guess what, she raised her hand and slapped me!" Wronged want to cry.

Only then did Darius see the slap marks on Galia's face, and he immediately became furious: "Who hit it! Where is that woman! Where is it? Did you call the police? Why didn't you notify your husband and me immediately! You stupid girl!

"Immediately burst Galia into his arms.

Galia said angrily: "Who else, your relative, Yiyun!"

Darius let go of Galia immediately, and asked in surprise: "Who are you talking about? Yiyun, she... Came back from abroad?"

"Yes, she claims to be the Shu family." Galia said angrily.

Darius smiled helplessly: "Well, the Yi family has been a domestic servant for three generations in the Shu family, Yi Yun's grandfather is the housekeeper of the Shu family, and Yi Yun's parents have also been working in the Shu family. Send her abroad to receive the best education, all because Yi Yun's grandfather once saved my grandmother's life."

Galia was immediately stunned: "What did you say?"
