Chapter 2570 – 2571

Chapter 2570

Galia laughed at herself and asked Christopher: "Brother Christopher, if it is you... ..Your friend, the friend who also made a fake degree, encounters such a thing, that is, when she is wrongly accused of stealing by all the staff, how will she deal with it?"

"He." Christopher He smiled lightly: "If it was my friend, it would be a trivial matter for her, she might not even look at those who wronged her.

She would only work seriously and normally, and spare time. May look up at the people surrounding her questioning her, and ask: 'Is there any evidence? If there is evidence, ask the police to come and arrest me first.

If there is no evidence, don't block me here.

You are blocking my light , if I draw something wrong, I will ask you to pay for it. '

My friend, I will definitely handle it this way."

Christopher was extremely proud when he said these words.

He knows Suzi very well. If Suzi encounters such a thing, Suzi will definitely deal with it this way, and he will calm down a bunch of stupid people who

want to wrong her. Suzi is definitely a person who can stop by stillness, A girl who never changes.

If someone like Suzi was in ancient times, if she were a man, she would be no worse than Fourth Master Fu.

This is Suzi.

"But I am." Galia's tone was extremely gloomy.

Christopher: "I'm sorry girl, I...I didn't mean it, I just wanted to forgive your heart. In fact, I know that most girls in this world can't do this, the vast majority.

Girl, everyone in this world has strengths and weaknesses.

For example, if I was bitten by a snake, if it were Suzi, she might not have given her life to save me right away, but you will.

In this way, you are a kinder girl than Suzi. "

When Christopher said this, he said 10,000 sorry to Suzi in his heart.

"I'm sorry madam, I'm sorry, I slandered you, you are a lot of adults, I'm also trying to comfort a girl, madam, you must know that Where can you find your arrogant and stubborn woman? You can't find one out of ten thousand women, so you can gain the favor of the fourth master.

But in this world, most of them are really ordinary girls.

Those ordinary girls have ordinary flaws and do wrong things a lot of the time.

But, being able to know what was wrong, and being able to feel remorse, means that this girl is very good in nature.

What's more, she was my savior and savior.

That kind of courage to save people in an instant is really worthy of my admiration.

Ma'am, you will sacrifice.

I'm sorry, ma'am. "

Christopher meditated like this in his heart, but on the surface he still looked at the girl gently: "You... how did you deal with it?" Isn't it hot? You want to turn against the whole team and resist, right?

Then I tell you, most girls probably do this at that moment.

Because everyone has flesh and blood and has a temper.

You don't have to blame yourself. Galia shook her head and said in a regretful tone, "

I'm not blaming myself, I just feel that I'm a person who doesn't deal with things too much. When I encounter things, I'm really flustered, and the expression of my panic is hysteria. I can't control my emotions.

I was scared inside.

Back then, when I looked at the people, the people who accused me of stealing, I didn't think any of them were like beasts.

I feel like they are all bullying me.

My heart broke down and yelled at those people, I said that if they forced me again, I would die in front of them.

Brother Christopher, do you think it's ridiculous for me to be like this? "

Christopher didn't know what to say.

He didn't say a word.

But he could imagine that kind of picture. It was actually a girl who showed her teeth and danced her claws, but couldn't be more pitiful.

Chapter 2571

She is helpless, she is mad and roaring, and the people next to her must think that she is extremely cruel.

But, only she knew how lonely and helpless she was at that moment.

At this moment, when he heard the girl's narration, Christopher also understood.

He can very well appreciate the feeling of being marginalized and unbelievable.

"In the future... not anymore. Not anymore." Christopher said firmly.

The girl was in Christopher's arms, sobbing humbly: "Brother Christopher, do you know that there has never been a person like you when you grow up so big, and there is no one like you, please listen to me, understand me, no need to be colored Look at me.

You can't imagine that people in our company collectively suspect that I am a thief. In our company, I have become a dog that everyone shouts and beats.

There is no one in the whole company. Look up to me. At

that time, my life was better than death.

But at that time, my mother was ill, and the required operation cost was not high, more than 10,000 yuan, but it was more than 10,000 yuan, for a person like us For a poor family in the countryside, it is also a lot of money.

To treat my mother, and to maintain my poor, dying vanity in front of my relatives.

Even if I have no dignity in the company, I still I do n't dare to quit my job.

I live in dire straits every day.

Those days, I think about it now, are really ridiculous, I don't even know how I got through it?"

When it came to this, Galia's voice was dull and without a trace of anger.

Christopher held Galia's shoulder and asked her: "Galia, tell me how you dealt with that matter, you have always been considered a thief?"

Intuition told Christopher that Galia was definitely not a thief.

Even though she is full of vanity, she doesn't look like a petty girl.

Galia smiled bitterly, shaking her head uncontrollably.

She laughed and wept.

The tears in her eyes flowed down her cheeks and into her neck, like streams of water. The tears flowed down to her throat, and they rose and fell violently along her choked throat, which made Christopher see it. , Galia is trying to restrain herself.

It was a huge grievance, one that never erupted.

Christopher tentatively asked Galia softly: "Really, the truth will be revealed soon, that thing was not stolen by you, someone else, right?"

Galia didn't say a word, just cried, only Shaking his head.

Christopher was quite surprised: "Yes... someone framed you, right? I found something from you, but you didn't steal it, but someone framed you? You can't say it, right?"

Yan ? Yan, I believe in you.

I have no doubts in you, you are not a thief."

Galia cried even more fiercely, and after crying, her voice could not be controlled.

In the middle of the night, in the ward again, Galia tried her best to suppress her crying, which made Christopher feel even more distressed.

He thought about it again, he was in a lot of pain, his sister has not been found until now, and her whereabouts are unknown.

Those people in Nancheng, whether it is Fourth Master Fu, or Suzi, or Yingzi, or Pan Youming, everyone has their own suffering.

At that time, Christopher thought that it was a deep-rooted hidden danger in the wealthy family.

He thought that as long as he was born in a wealthy family and lived in a wealthy family and money and power, everyone would inevitably have to suffer in one way or another, because it was driven by money and power.

He didn't expect that it turned out that it wasn't just people from wealthy families who had such twists and turns.

Even if he is an ordinary civilian, he still has such ups and downs.

Perhaps, life is born with ups and downs.

After a while, Christopher heard Galia say, "It was confirmed the next day that it wasn't me who stole it, but..."
