

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2688

"I know Mingzhen brother, I shouldn't have asked about this, don't worry, I will help you take care of it Good second old man." Galia called Darius to rest assured.

After closing the line, she stood outside the community of Yan's father and Yan's mother for a while, for fear that the woman would come back again. After half an hour, seeing that the woman hadn't come back, Galia really left.

Back at the place where she lived, she first sorted out the content of her work tomorrow.

Especially for some information about Liao Jie's company tomorrow, she must be fully prepared. Not to mention, in terms of professionalism, she must not let the other party find out her own faults.

These work-related materials were sorted out until about eleven o'clock at night, and Galia was still a little sleepy.

She picked up the English book and read the novel aloud softly.

That was a process that happened when Galia practiced English.

As long as she has time, she will also be a free tour guide in the most prosperous places in the city, the purpose is to practice her pronunciation and listening.

Recently, her English has improved rapidly.

Many times, she can talk and laugh freely with each other for large and large conversations.

Moreover, she also fell in love with English more and more.

Galia gradually fell asleep while reading English.

Maybe it was because she had talked to Suzi and Arron, and she gained a lot of confidence. Maybe it was because she was tired when she came back to sort out the information. Galia slept very sweetly that night.

When I woke up, it was half past six in the morning.

Galia got up with a grunt, brushed her teeth and washed her face in a panic, then rode the battery car to the house of Yan's father and Yan's mother.

I just promised Brother Ming Zhen last night, so I can't stop taking a look today, can I?

Although it's a bit late.

Galia ordered herself to get up at six o'clock tomorrow morning no matter what.

However, it was not too late to ride a battery car to Yan's father and Yan's mother. Galia was also very smart. She went straight to the free market. A bag of something.

"Auntie, what are you doing?" Galia asked all the way.

Yan's father replied: "The potatoes are very fresh. Your aunt and I are going to bury them a little bit. You don't know that you will eat them after you bury them, and they will be fresher. Galia, you also take home a few. It's rare to buy something like this. Hey, don't you know that there will be a lot of harvest in the free market in the morning."

Galia smiled: "I know, I see it, uncle and aunt."

She helped uncle and aunt to carry it together. Potato, carried the potatoes to the battery cart in front of her, and she used the battery cart to deliver a bag of potatoes to her home. The potatoes had just been picked up, and along the way, Galia's legs were covered in mud.

And because I was holding potatoes on the road, I couldn't drive fast, and when I came back, the time was already very tight.

In addition, the potatoes rubbed against her legs were all muddy, and Galia was delayed for a while cleaning up at home, and it was a little tight to go out. She glanced at it to ensure that she would not be late.

Galia decided to take a taxi and go directly to the subway station without changing stations, and then it would save about a quarter of an hour. She didn't care how much the taxi cost, so she called a taxi and went straight to the Tiejue station.

As a result, by coincidence, the taxi broke down on the way.

It was the rush hour for work, and Galia wanted to find another taxi, which was more difficult than climbing to the sky.

In this way, she spent 40 minutes walking all the way to the subway station, took the subway to the company, and was 25 minutes late.

It stands to reason that if you eat it once in a while, twenty-five minutes is nothing.

However, as soon as Galia entered the company, she saw Liao Jie in a suit sitting in the hall.

"Miss Yan, it's such a coincidence that you're late again?" Liao Jie said to Galia sarcastically.

Chapter 2689

Galia was slightly embarrassed for a second, and soon returned to her normal smile: "Mr. Liao, I am very happy I can cooperate with you. From now on, I will be the person responsible for connecting with you."

Liao Jie looked at Galia, his eyes full of sharpness and scrutiny.

Galia pretended not to see it, she still smiled at Liao Jie.

She knew that Liao Jie hated her and didn't want to let go of her eyes, but what was it about her?

The eyes of others are a fart!

This is where Galia got inspiration from Suzi and Arron.

"Mr. Liao, please open your information so I can check with you." Galia looked at Liao Jie with a peaceful smile.

Liao Jie was startled.

He stared at Galia, but he still didn't come back to his senses: "You..."

After a while, Liao Jie actually said, "You are quite calm."

Galia still smiled slightly: "Otherwise Liao What do you think? I'm at work now, shouldn't I be concentrating on work? Mr. Liao, you really have to show me your information.

From now on, every piece of your material, every For semi-finished products, each raw material must be reviewed by our company before you can get the initial payment.

Otherwise, it will be your time that is wasted."

Her attitude is particularly good.

Gentle, yet polite, and with a kind of relaxed intensity.

There is an indescribable charm.

Did Galia become beautiful?

Do not!

She doesn't dress as well as when she was arrogant and vain a few years ago.

Her appearance is also more vicissitudes and fine lines than a few years ago.

But, why does Galia look better at this time?

It should be more pleasing to the eye!

Liao Jie didn't realize it, but Galia felt more pleasing to the eye.

He only got more annoyed.

Annoyed that this woman is no longer submissive to her, no longer begging her for mercy, as if she is not in his control at all.

He found that he seemed to have no control over this woman.

Liao Jie was taken aback by himself.

How could he use the word "manipulation" to describe the unequal relationship between him and Galia in the past?

right!

He and Galia are just not equal!

From the very beginning of their relationship, Galia had been obedient to him without any principle. Although that time was short and very short, adding up to less than two years, Liao Jie never imagined that it would be a kind of deep-rooted bone marrow. Feel.

Sometimes, falling in love attracts each other, and the moment of love is inseparable, but when they are tired of each other, they are tired, and the time may be very fast.

Like three months.

For example, a month.

However, sometimes, in fact, each other is not so attractive to each other. It is also possible that one party is attracted to the other party, but the other party is just to make do with it. It is a kind of mentality of giving charity to the other party if it is optional.

Then the one who is attracted will tend to love the attractor with all his strength.

On the other hand, the attractor will live a very unrestrained and free life.

You won't be sad even if you break up in the future.

That feeling is the best.

Didn't Liao Jie feel that way before?

During the love process between him and Galia, the initiative was in his hands, Liao Jie. When did Galia have the initiative?

Just because now Galia is backed by a big company?

Why rely on a big company?

A woman who has no junior high school diploma, owes so much money, and has so many bad deeds!

Not by cheating!

Shameless!

This woman's skills in disguise are getting more and more consummate.

"Very good!" After Liao Jie's mind wandered for a while, he returned to normal.
