Chapter 1900

"Lorenzo, what are you doing standing still? Waiting for me to take a picture of you? Find the treasure map quickly!"

Dustin Kate, who looked aggrieved, vented all his inner dissatisfaction on Lorenzo. .

"Immediately."

Lorenzo did not dare to hesitate, and immediately walked to an alloy door, took out Ji Yuanzun's severed hand, and gently pressed it against the sensing position in the middle area.

"Bit!"

Just heard a soft sound.

The heavy alloy door slowly opened inside, revealing a vault made of metal.

The vault is about one hundred square meters, with a large number of gold bricks stacked in the middle, taller than a person.

In addition to the gold bricks, there are also various rare treasures densely placed around it, each of which is worth thousands of gold.

"This is Ji Yuanzun's personal vault. Everything he likes will be stored here." Lorenzo explained.

"There are so many treasures!"

Thorian Rhys looked around and sighed: "If this is shipped out, it can probably buy a city."

“These are nothing, compared with the three treasure houses of Dragon Protection Pavilion. Compared to this, the treasure in front of you is just a drop in the bucket.” Lorenzo explained.

”Real or false?”

Thorian Rhys was surprised and delighted: “According to what you said, wouldn’t the treasures of the Dragon Protection Pavilion be piled up like a mountain?”

“Although I have not seen it with my own eyes, the accumulation of treasures in the Dragon Protection Pavilion for decades, to describe it as piling up a mountain is not an exaggeration at all.” Lorenzo said seriously.

”Okay, okay...very good! I can’t wait to collect the treasures of the Dragon Protection Pavilion!” Thorian Rhys was in high spirits and extremely excited.

”After all that, where is the treasure map?” Dustin Kate urged impatiently.

”It’s right here.”

Lorenzo walked to the innermost shelf, took down a delicate sandalwood box from it, and then handed it to Dustin carefully.

Dustin opened it and found three pieces of parchment inside.

Each piece of parchment has a detailed map drawn on it. In the center of the map, a golden mark marks the location of the treasure house.

If there is nothing wrong with the treasure map, then as long as you follow the route, you will find the treasure house quickly.

”Your Highness, I have to remind you that every treasure house will be guarded by experts from the Dragon Protection Pavilion. Without the personal presence of the Pavilion Master, they will never be able to open the treasure house.” Lorenzo added.

”The Dragon Guard Pavilion has been destroyed. A few warriors can’t make any big waves.” Dustin didn’t care.

”Your Highness, my mission has been completed. Can you allow me to see my family one last time?” Lorenzo asked with a pleading look on his face.

"I'll give you three days to say your final goodbyes to your family. After three days, I'll give you a head on your neck." Dustin said with an indifferent expression.

"Thank you, Your Highness!"

Lorenzo cried with joy. With a "boom", he knelt down and Bow down and rubbing head on the ground to Dustin three times.

Three days were enough for him to settle his funeral arrangements.

On the premise of keeping his family safe, he can still fulfill his last wish.

For him, this is undoubtedly a great gift.

"Albert, take him out and give him the last bit of dignity." Dustin ordered.

"Yes."

Albert nodded, loosened the shackles on Lorenzo, and led him out of the secret room.

"He was originally a loyal person from West Lucozia, but I never thought that he would be a traitor." Thorian Rhys shook his head.

"Everyone has to pay the price for their actions. If he does what he thinks is right, he will have to bear the corresponding consequences." Dustin said calmly.

From Lorenzo's point of view, there is nothing wrong with whatever he does to protect his family.

But from his standpoint, traitorous behavior like this could never be forgiven.
