

An Understated Dominance By Marina Vittori

Chapter 1917

“Sneeze!”

In the hotel, Dustin, who had just changed his clothes, suddenly sneezed and muttered to himself: “Who is thinking about me?”

Dustin rubbed his nose, walked out of the room, and came Arrive at the hotel cafeteria.

Because this hotel was renovated from a primary school, the cafeteria is quite large, about two to three hundred square meters.

It is more than enough to accommodate more than a hundred people for dinner.

“Here.”

Dustin had just entered the dining hall when he saw Margaret raising his hand to wave.

When I walked forward, I saw that there were more than a dozen delicacies on the table.

“These dishes are all made by our chefs. They are safe and delicious. You can just eat them with confidence.” Margaret explained.

“You should be cautious.” Dustin smiled.

Not politely, he sat down on the chair and began to feast.

“It’s always good to be cautious when going out. This is the edge of the desert of death, where all kinds of fish and dragons are mixed together. If you’re not careful, you might get caught at some point.” Margaret picked up the chopsticks and chewed slowly, with graceful movements

While the two were eating.

A group of young men and women wearing green clothes and holding swords suddenly walked in.

These people have powerful auras, sharp eyes, and a strong sense of oppression. Judging from their clothes, they should be disciples of martial arts in the world.

The leader among them was a thin man with a hooked nose, in his thirties, with a somewhat fierce face, and he looked like he was not a good person.

“Senior Brother, isn’t this place too shabby? There are a lot of dirty things, how can we eat?” A girl with a ponytail looked around with a disgusted expression.

“I can’t help it. This time the situation is special, so I’ll make do with it a little bit.” The man with the hooked nose persuaded him kindly.

“Forget it, you’re here, just eat whatever you want, I’m almost starving.”

The girl with the ponytail found a relatively clean seat and sat down, then shouted: “Hey! Waiter! I’ll treat you the best here.” Give me a portion of all the good dishes!”

“Okay!” the waiter responded with a smile.

Then he ordered the cook to prepare a few expensive dishes and served them first.

As a result, the girl with the ponytail picked up the food and took a bite, and immediately vomited it out: “Bah! What are you talking about? Why does it taste so bad? This lady is disgusted to death!” “How presumptuous!” the hook-nosed man slapped

her

. The table, shouted: “You are trying to fool us with such an unsightly thing, are you deliberately looking for trouble?!” ”

Hmph! Do you know who we are? How dare you be so negligent, believe it or not, we will demolish your shop!”

Others The disciples of the same sect stood up one after another, looking fierce.

“Everyone, I’m really sorry. These are already the most expensive ingredients in the shop. If there’s anything wrong with the reception, please forgive me.” The waiter was so frightened that he apologized repeatedly.

“You’re lying!”

The ponytail girl stood up, suddenly pointed at Dustin and Dhalia, and shouted: “Why do they eat better than us? You clearly look down on us!”
