An Understated Dominance by Marina Chapter 1978

Chapter 1978

“What’s wrong?”

Dustin’s strangeness quickly attracted the attention of Margaret next to him.

“The eyes of the sky are sensitive,” Dustin replied in a low voice.

“Huh?” Margaret’s eyes lit up, and her whole heart lifted up, “Is it the Qi of Dragon Source?”

“It’s hard to say.” Dustin shook his head slightly.

The Sky Eyeball will indeed sense some exotic treasures, but it cannot accurately determine what the treasure is.

Therefore, he could not be sure whether the things hidden near the lake were the Qi of the Dragon Source.

The only thing that is certain is that it must not be a mortal thing that can produce such a strong reaction in the eyes of the sky.

“No matter what, I have to confirm it myself. I will adapt accordingly and don’t miss any clues,” Margaret said seriously.

If there is really dragon source energy hidden nearby, then she will get it no matter what.

“Understood.” Dustin nodded, without saying much, but began to look carefully.

The sensation from the Sky Eyes is still continuing.

And the closer you get to the lake, the more pronounced the vibrations will be.

It can be seen that the rare treasure should be hidden in this lake.

However, the lake is very large, covered with clouds and fog, and the lake is bottomless. It is not easy to find rare treasures in it.

“Lily Zhang, is this the treasure land you called? Why does it look ordinary?” Kevin Snow looked around, looking a little strange.

There is nothing special around here except for a lake and various flowers, plants, and trees.

To be honest, the bones of some animals by the lake look a bit scary.

“Lily Zhang, are you looking in the wrong place? This is just a lake, how can there be any treasures?” Leo Alexander narrowed his eyes slightly, looking a little unhappy.

He thought there were mountains of treasures, but all he saw was a lake. What a waste of time.

“Please be patient, this is indeed a treasure place; it’s just that you can’t see it right now,” Lily Zhang said with a confident expression.

“What do you mean? Is there another universe here?” Leo Alexander asked.

“That’s right!”

Lily Zhang nodded and continued: “It’s calm here during the day, but at night, the situation is different.”

“Why is it different? Could it be that the treasure can pop out on its own?” Leo Alexander said indifferently.

“You guessed it right, the treasure is hidden at the bottom of this lake!” Lily Zhang said with a half-smile. “The terrain here is strange. At night, the lake water will flow back, forming a low tide phenomenon. By then, the true face of the bottom of the lake will be completely revealed. Show it.”

“Oh? There is such a thing?” Leo Alexander raised his eyebrows and became interested instantly.

No wonder there are no clues on the surface. It turns out that the treasure is hidden at the bottom of the lake.

“Little girl, how do you know so clearly?” Billy Ruso asked intentionally or unintentionally.

“Replying to Senior Billy, I was lucky enough to witness such a strange scene last night, so I am so sure,” Lily Zhang replied truthfully.

Last night, when she was leading the Yuanyang Sect disciples on a treasure hunt, she happened to pass by this lake, and was lucky enough to see the strange sight of the lake water flowing backward.

The most important thing is that there is a huge palace-like building hidden at the bottom of the lake.

It was filled with brilliance, and there were obviously many rare treasures hidden inside. Unfortunately, there were too many monsters around the lake last night, and she didn't dare to take risks, so she kept waiting for the opportunity.
