An Understated Dominance by Marina Chapter 1979

Chapter 1982

Unfortunately, there were too many monsters around the lake last night, and she didn't dare to take risks, so she kept waiting for the opportunity.

Unexpectedly, after dawn, the lake filled up the entire lake again, completely burying the palace.

She wasn't sure what was going on inside the lake, so she didn't venture into the water.

"Little girl, are you sure there is a treasure hidden under this lake?" Billy Ruso asked again.

"It's absolutely true, I can swear this!" Lily Zhang said with determination.

"Okay, then we'll wait here, and at night, we'll see what's going on at the bottom of the lake." Billy Ruso nodded.

"Senior Ruso, why do you have to wait until night? Wouldn't it be better to go down to the lake and explore now?" Leo Alexander suggested.

Everyone knows that monsters are active at night.

Even though it's calm now, once it gets dark, various monsters might appear around the lake.

That's when it becomes dangerous.

"This lake is so deep that you can't see the bottom at a glance. If you go down now, you can't even tell the direction. How can you hunt for treasure?" Billy Ruso said calmly.

"Senior Ruso, to be honest, my team members have experienced hundreds of battles and are good at various skills. They are also experienced in diving. It is not a bad idea to go down in advance to explore the situation." Leo Alexander was quite proud.

Although the members of their Black Scorpion team were not top-notch in terms of force value, they were all experts in survival, otherwise Margaret would not have spent a lot of money to hire them to lead the way.

“Oh? Really?” Billy Ruso raised his eyebrows slightly and said with a smile: “If your people can really find the location of the treasure, I can make the decision and give you more treasures!”

“Thank you, Senior Ruso!” Hearing this, Leo Alexander couldn’t help but smile. A joy.

That’s what he wanted.

His Black Scorpion team had no advantage over these elites.

If you don’t work hard, how can you get the treasure?

“Captain Leo, from what I’ve seen, it’s better to wait.”

At this time, Margaret suddenly said: “No one knows what is hidden at the bottom of this lake. If you jump into the water rashly, you will easily encounter danger.”

On the shore, if you hit any monster, you still have a chance to escape.

At the bottom of the lake, if you are in danger, there is only one way to die.

“Ms. Margaret, please rest assured. My team members all have more than five years of diving experience and are familiar with underwater conditions. I believe they can cope with various emergencies.” Leo Alexander was full of confidence.

Naturally, he had ulterior motives for insisting on doing this.

If the treasures were distributed normally, given their status as the Black Scorpion Team, they wouldn’t be able to get a share at all.

If they explore in advance, they can hide some treasures privately.

Until then, their Black Scorpion team will be the biggest winner.

“Since Captain Leo is so confident, let’s invite him.” Lily Zhang said with a half-smile.

“Bull! You take two people down to explore the road. If anything happens, report it immediately.”

Leo Alexander turned around and winked at the bald man behind him.

The latter nodded and quickly understood the meaning.

“You two, follow me!”

The bald man ordered two members of the Black Scorpion team and walked straight to the lake.

When they arrived at the lake, the three of them took off their clothes, put on their goggles, put their swords in their mouths, and then plunged into the lake with a “dong” sound.

Completely disappeared.
