An Understated Dominance by Marina Chapter 1986

The appearance of so many forces for no reason completely disrupted his plan.

“It’s getting more and more lively.”

Billy Ruso raised his eyebrows and finally jumped down from the tree.

It seems like it won’t work if I don’t take action today.

“Senior Brother Kevin, the situation is getting more and more chaotic now. Let’s stand still for a while and let them fight. When they fight to the death, we can take the opportunity to pick up the slack.” Lily Zhang huddled next to Kevin Snow and lowered her voice.

In her current situation, fighting with these forces would undoubtedly be courting death.

But she was unwilling to give up, so she could only wait for the opportunity and strive for some benefits as much as possible.

“I understand. Once you stand behind me, I will protect you!” Kevin Snow vowed.

Now the Golden Blade Sect and the Yuanyang Sect combined only have a few people, so they are really weak.

It is obviously not a wise move to push up now.

“Brothers! There is a treasure! Go and grab it!”

At this time, someone shouted.

The originally deadlocked situation was broken instantly.

Two forces started moving at the same time, jumped onto the riverbed respectively, and rushed towards the palace in the center, one from the left and the other from the right.

It was obvious that they wanted to seize the opportunity and seize the treasure first.

There are more wolves than meat now. If you are slow, you may get nothing.

Those who are impatient will naturally be impatient.

“Damn it! We can’t let them get there first and let me rush forward!”

With the first two forces taking the lead, the whole situation became chaotic.

One force after another began to rush towards the entrance of the palace.

No one knows how many treasures there are, and every one you grab counts as one.

If we keep doing nothing, we might not even be able to drink the soup in the end.

“Brother Marcus! What should we do? If these guys take away a lot of treasures, then all our efforts will be in vain!” Thomas Grey clenched his fists, unable to hold on any longer.

Although I want to reap the benefits, the current situation is not optimistic.

Hundreds of people rushed into the palace, grabbed the treasure, and then dispersed. What should they do?

“F\*ck! No wait! Grab the treasure!”

After hesitating for a few seconds, Marcus Ring finally couldn’t bear it anymore and swarmed forward with the disciples of Flying.

“Follow me, disciples of the Feixue Sect!”

Thomas Grey followed closely, fearing that he would be half a step behind.

“Miss Margaret! Let’s do it too, otherwise it will be too late!”

Leo Alexander looked at Margaret who was not moving at all and became a little anxious.

If all the treasures are robbed, wouldn’t it be like trying to draw water from a bamboo basket?

“Don’t worry, let them fight first.”

Margaret said calmly, without any fluctuation in her eyes.

At this time, you must stay calm. The more anxious you are, the easier it is to cause trouble.

“Miss Margaret, I can understand that you want the fishermen to profit, but the current situation is too chaotic. If you don’t act early, you might not get anything in the end.” Leo Alexander continued to persuade.

“Don’t be impatient. I have my own sense of discretion.” Margaret was still calm.

Hearing this, Leo Alexander felt anxious, but he was helpless.

There were only five people left in the Black Scorpion team. Without the cover of Margaret’s large army, they rushed forward rashly and couldn’t grab anything. Instead, it was easy for them to get in.

“Quick! Stop them! Don’t let them enter the palace!”

“Damn it! You dare to be our source of wealth? Kill me!”

“Brothers! Fight with them!”

When the forces from all sides approached the palace, they began to fight. No one is allowed to do anything.

Cries of killing and screams came and went.

For a time, corpses lay everywhere and blood flowed into rivers.
