An Understated Dominance by Marina Vittori Chapter 2054

After a palm strike, Uncle Wang stood majestically, as if a god had descended into the world, with unparalleled domineering and majesty.

In front of him, a five-finger deep pit with a diameter of thirty to forty meters appeared out of thin air!

The pit was full of broken limbs and broken arms, with flesh and blood flying everywhere. There was not a single complete skeleton in sight. It was like a hell on earth.

This is the power of Uncle Wang's palm.

With one palm strike, not only was a five-finger-shaped pit dug out of the ground, but many martial arts masters under the palm also died and turned into flesh.

Although the remaining few people were lucky enough to survive, they were blown several meters away by the palm wind and fell to their knees.

However, when they stood up again, they were stunned by the sight before them.

Especially the tragic situation in the five-finger-shaped pit made the survivors' scalps numb, cold sweat breaking out, and silence.

Most of the masters of the Twisted Sisters Sect and the Golden Sword Sect, from the elders to the deacons, were all lost in an instant!

"I...did I read that correctly? How is this possible?!"

"Dead... all dead... dozens of masters from the two sects were slapped to death with one palm. Is this still a human being? This is clearly a devil!"

"The Twisted Sisters Sect Gate and the Golden Blade Gate...are in danger!"

More than a dozen survivors stood frozen on the spot, looking horrified and trembling.

The power of Uncle Wang's palm left them with no courage to fight, leaving only fear in their hearts.

"Grand Master? This old man is actually the Grand Master?!"

Reid Gang's eyes widened and his lips began to tremble.

The palm that Uncle Wang just took was like a divine punishment coming to the world. It was unrivaled and not something that ordinary masters could achieve.

Only a great master who stands on top of the world can reach such a terrifying level.

Dustin was already extremely difficult to deal with. Unexpectedly, an unheard-of great master would appear now.

Encountering two top experts in a row, I really don't know if they are lucky or unlucky.

"thump!"

Tao Mochou collapsed on the ground, her face ashen.

At this moment, she was completely desperate.

At this moment, she was completely desperate.

There is a wolf in front of her and a tiger behind her. She has no way to escape now and can only sit and wait for death.

"No...impossible! Absolutely impossible!"

Lily Zhang was so frightened that she backed away and shook her head, her pretty face full of fear and horror.

She never imagined that the obedient old servant beside Margaret would actually be a legendary martial arts master!

He could make Dustin, a peerless talent, a bodyguard, and a great master a servant.

That woman...what is her identity? !

“Miss, there are still some fish that have slipped through the net. Can we deal with them together?”

Uncle Wang’s sharp eyes swept over the dozen survivors one by one.

Anyone who came into contact with his gaze felt as if they had fallen into an ice cellar and shivered inexplicably.

Nowadays, they are just fish on the chopping board and can only be slaughtered by others.

“Don’t... don’t kill me! I know I was wrong! I will never dare to do it again! Please forgive me, please, and let me go!”

Reid Gang panicked and fell to his knees with a “thud” and began to howl for mercy.

Facing Dustin, he felt that he still had the courage to fight, but the appearance of Uncle Wang directly made him despair. He no longer had any unnecessary thoughts in his heart, except begging for mercy to survive.

“Spare your life! My hero, please spare your life!”

With Reid Gang taking the lead, the others also knelt down and kowtowed in various ways.

“You know you’re afraid now? Why did you go so early?”

Uncle Wang’s face was cold and murderous.

He had no sympathy for these guys who were trying to kill people and sell goods.

“We are ignorant and have offended a few of you. We are willing to hand over all the treasures and ask you to let us live!” Reid Gang cried sadly and kept kowtowing.

At this moment, he no longer has the dignity of the leader of the Golden Knife Sect.

“That’s all, we didn’t lose much, so we don’t need to kill them all.” Margaret said calmly.
