An Understated Dominance by Marina Vittori Chapter 2064

“Hey! This guy is mute, right? See if I don’t slap you...”

Yan Buqi pretended to be angry and raised his hand to strike, but Yan Jin stopped him and begged for mercy: “Brother! If you have something to say, the third child is miserable enough. Look at him, his face is covered with blood.”

“What’s wrong with his face being covered in blood? It’s all his own fault!”

Yan Buqi pushed Yan Jin away and shouted: “If he doesn’t apologize to Brother Dustin today, I will break his legs!”

“Okay, okay, that’s it. We still need to eat.” Dustin spoke at the right time to stop the farce.

Although he was acting, Yan Buqi gave him some face, and he didn’t bother to care about it.

“Brother Dustin, you really have a lot of them, I admire you.”

Yan Buqi first clasped his fists, then looked at Yan Jin and the other five, and said coldly: “You five, get out of here, don’t interfere with my drinking with Brother Dustin!”

“Senior brother, we were ordered to come this time...” Yan Jin hesitated.

“I know what to do, I don’t need you to remind me, get out!” Yan Buqi glanced coldly.

Yan Jin was so frightened that he shrank his neck and did not dare to say any more. He immediately asked a few people to leave.

“Brother! That boy hurt the third child like this, can we just tolerate it?”

As soon as he left the restaurant, the thin Yan Mu spoke angrily.

Only the five ghosts of Yama Palace have always bullied people, and no one has ever dared to poop or urinate on their heads.

If Yan Buqi hadn't stopped him just now, he would have let Dustin taste the power of his heart-breaking hand!

"This person has such strength at a young age and must have an extraordinary background. We must focus on the mission and not create extraneous matters for the time being. It will not be too late to regain the position after the martial arts competition." Yan Jin behaved very calmly.

Hearing this, the other people could only nod.

As disciples of Yama Hall, they naturally understand that their mission is the most important thing.

If this mission fails, let alone revenge, it will be a question of whether they are still alive.

At this moment, in Zui Chunfeng Restaurant.

At this moment, in Zui Chunfeng Restaurant.

"Brother Dustin, I made you laugh. These junior brothers of mine are all rough people. They were offended just now. I will apologize to you on their behalf." Yan Buqi smiled ashamedly.

"Master Yan is a sensible person. If you hadn't stopped him in time, I would have been bloodied today." Dustin said with a half-smile.

"Brother Dustin has incredible skills. How can I, my junior fellow apprentices, be your match? Come on, I offer you this glass of wine as an apology!"

Yan Buqi picked up the wine glass and drank it all in one gulp.

After drinking the strong wine, Yan Buqi's originally fair and enchanting face soon became rosy, making him look particularly stunning and alluring.

Dustin's brows trembled, and a strange feeling arose in his heart.

Damn, this pretty boy is even prettier than a woman, and his every move and smile can be described as charming.

If you don't have enough concentration, it's really easy to get bent.

“Brother Dustin, if you are going to participate in the martial arts tournament this time, there are a few people you have to pay close attention to.”

After a glass of wine, Yan Buqi got down to business.

“Oh? Which people?” dahlia asked.

“This martial arts competition held in Longhu Mountain has an age limit. No one over forty years old is allowed to participate, so those veteran masters don't have to worry. Our real rivals are those on the Prodigy List.”

Yan Buqi said with a serious face: “The people who can enter the list of geniuses are not only talented, but also have amazing strength. Every one of them is a peerless genius. Especially this year's list of geniuses, it is like a fight between gods and gods. A man with unique skills!

For example, Lin Yuan, who is ranked tenth on the list of geniuses, has superb spear skills. He once defeated three martial arts masters overseas with one against three!

There is also Tang Xin, who is ranked ninth on the list of geniuses. He is a genius that has not been produced in the Tang Sect for a hundred years. He has mastered various hidden weapons at the age of eight. At only twenty years old, he has broken through the realm of master and was awarded the Heavy Rain Pear Blossom Needle. That is a magical weapon that can break the Gang Qi and kill the Grand Master!

As for Kuang Lang, who is ranked eighth on the list of geniuses, there is no need to mention it. There are rumors that he is a murderous demon who never blinks an eye. As soon as he entered the world, he single-handedly destroyed three major sects in the north and killed three masters in a row. , it can be said to be a fierce reputation!

We must pay close attention to these three people and be cautious.

Because I have received news that the three of them have appeared near Longhu Mountain, obviously going to participate in the martial arts competition! “
