Chapter 2134

“Um?”

Pu Guochang was slightly startled and looked intently.

I saw that the bloody afterimage from before had turned into countless fragments and was slowly floating down.

And these are all pieces of clothing, with no corpses or blood stains.

Did it just hit the air?

“General! Watch your back!”

The silver-armored guards screamed one after another.

Pu Guochang felt the warning sign in his heart and did not dare to look back. He quickly turned his spear and stabbed behind him.

However, when he twisted his body along the spear, he found that there was no one behind him.

“Are you looking for me?”

The devil’s whisper rang in his ears.

A hand with sharp black claws had been placed on Park Guochang’s shoulder at some point.

Park Guochang’s hair burst out, and a chill rushed from the soles of his feet to his forehead.

Without any time to think, he immediately rolled forward, and while pulling away, the golden spear in his hand thrust out again.

“Qiang!”

The sound of gold and iron clashing sounded.

William’s index finger nail lightly tapped out and collided with Park Guochang’s golden gun tip, causing a spark to fly out.

“You ruined my clothes, then you have to pay with your life.”

William grinned, revealing two sharp fangs, and the red light in his eyes became particularly intense.

Like a bloodthirsty demon.
