An Understated Dominance by Marina Vittori Chapter 2139

“Uh-huh!”

William’s attack was so fast that Park Guochang, who was distracted, could not react at all.

I felt a flash of blood in front of my eyes, followed by a chill in my arms.

Looking down subconsciously, he saw a crack in the armor on his arms.

Inside the crack, a trace of blood was spreading rapidly.

“Clang!”

The spear fell to the ground, making a crisp sound along with Park Guochang’s arms.

“ah?”

Looking at his broken arms, Park Guochang couldn’t help but be stunned for a moment, as if he couldn’t believe it.

He slowly raised his two broken arms, blood gushed out from the wounds, and severe pain began to hit him quickly, straight into the depths of his soul.

“Ah~!”

After a brief daze, Park Guochang immediately screamed.

The sound was shrill, like a ghost crying or a wolf howling.

He does not have William’s immortality, nor the ability to regenerate after a broken arm.

Now that both arms are broken, he looks like a piece of trash.

“Hehehe...”

William smiled sinisterly, cruelly and violently.

Covered in blood, he looked like a demon crawling out of hell.

“thump!”

Park Guochang was so frightened that he collapsed on the ground, kicked his legs back, and dragged his body back.

His face was full of horror.

“You, you, you...don't come here!”

Park Guochang panicked and threatened with a stern expression: “I am a general of the Koryo Kingdom. If you dare to mess around, you will be burned. The Koryo Kingdom will never let you go!”

“Really? I'm looking forward to it. How will the Korean Parliament retaliate against me?”

William stuck out his long tongue, added a few drops of blood on his nails, and showed an intoxicated expression: “Not bad, not bad, your blood is very to my liking, so next, I plan to suck you dry!”

“You...you are bold! If you dare to kill me, Korea will hunt you down at all costs!” Park Guochang shouted in panic.

“That's just right, the food will be delivered to your door automatically.” William smiled.

It began to approach slowly, the redness in its eyes getting even brighter.

“You monster! Get out of here!”

Park Guochang retreated and roared: “Come here! Come quickly! Kill this monster!”

Seeing that their general was in danger, the remaining group of silver-armored guards immediately threw down their shields, withdrew their defensive formations, and raised their spears again.

“kill!”

Everyone roared and roared, and rushed towards William without fear of death.

“Hehehe...well done! This is truly a blood feast!”

William smiled even more happily. After licking his lips, his body exploded and turned into a sky full of vampire bats, covering the silver-armored guards in darkness.

The massacre continued again.

In less than three minutes, all the silver-armored guards fell into a pool of blood.

No one was spared.

When the bats gathered again, they transformed into William again.

It's just that there is more blood on his body and his murderous aura is more intense.

“Now, it's your turn!”

William turned his head and fixed his bloodthirsty gaze on Park Guochang.

Pu Guochang was so frightened that his whole body trembled with fear. He lost any arrogance and began to beg for mercy: “Don't... don't kill me... I give up... I give up.” !”

He finally saw that William didn't care about his identity and was not afraid of his threats.
