

Chapter 1862

Lily was speechless. She truly never expected that Jane would make such a move. That pair of scissors was opened and was right at her throat. If Jane's hand accidentally moved a little, Lily's artery would be severed on the spot. Lily's face instantly turned as white as a sheet with fear.

"You...you don't...Don't mess around. Jane, you...just calm down. If you do this to me, you're killing a person. Do you know that? If you've killed someone, you will have to go to prison. Don't...don't mess around. I...I was just joking with you just now. I wasn't really going to snatch your child away. Now, I have...I have already thought it through. Alex and I are not suitable for each other. Our relationship is already in the past. I no longer want to marry Alex anymore! Really! I swear to you, I will never covet your husband. I...I will stay far away from

your husband. Really...take your scissors further away. Just take it further away from me a little..."

In the end, Lily's knees gave way from being frightened, but she still did not dare to collapse and sit on the floor. She was afraid that if the scissor in Jane's hands accidentally moved a little, then her life would be ended.

At that moment, Jane sneered viciously. " Lily Parker! Do you think I am the original Jane Sheen? I'm telling you! Alex is mine! My husband! Him, his properties, his power, and everything of his is mine! From now on, if anyone dared to snatch away my man and everything of his, I will let her die a horrible death! I will keep my word! Also! If anyone dared to snatch away my child! I will use this pair of scissors to cut the person alive into a million pieces! Don't challenge my patience! Otherwise, Lily Parker, I will let you have a taste of the cooling touch from

you, then it's time for me to take your life!

"

"Alright, alright! I will get lost immediately!" Lily said.

"Also!" Jane pulled Lily's hair again. Jane's grip was so strong that a handful of Lily's hair was forcefully pulled off. "Listen carefully, Lily Parker! Don't provoke a mother again in the future, especially a mother who had just given birth to a baby! Haven't you heard that a bitch that had just given birth to her pups has a very strong bite? Once it bit you, it will bite you to death! Today, you can only blame yourself!"

"Yes...yes, yes, yes. I know I'm wrong, Missus Poole. I can only blame myself for what happened today..."

At that moment, Lily's soul had been scared out of her body. She just wanted to run away. She had long forgotten that her purpose of visiting Jane today was to

this pair of scissors. Lily Parker, do you want to try it? It's very refreshingly cool."

Lily was so frightened that her lips turned purple. "No, no, no! I don't want to try it. I don't want to! I'm sorry, Miss Jane, no, no, I mean, Missus Poole. I...am aware of my mistakes. I will not do it again in the future. I'm begging you. Please spare me. Please spare me, alright? I will be your servant in the future. I will serve you tea and wash your legs for you. You...you are not a lowly woman. You're Missus Poole. You're the first lady of Kidon City. I'm begging you..."

Lily was so frightened that her soul almost left her body.

"Get lost!" said Jane with a sneer.

"You...what did you say?" Lily could not believe it.

"I feel disgusted looking at you! If I see you again next time, I will not be so soft hearted like now. Next time, once I see

assert dominance. She had long forgotten that her ultimate goal was to snatch Alex back, and then take Jane's child as her own. She had forgotten it all. At that moment, Lily only wanted to run for her life. If she could get out of that ward alive, she would be willing to do it if she was asked to kneel and bark like a dog.

"You're really disgusting. You're really a slave!" said Jane with incomparable disgust.

"Yes...that's right. I...I am a slave, to begin with. When I was abroad, I had been a slave to many men. Those men stripped me of all my clothes and chained me up..."

Lily told Jane of all the things about her that were most unbeknown to others.
